- **7.4** Members spoke about the importance of the good personal and professional relationships that NMS staff had with staff of its property management partner, NPS, and with staff of Norwich City Council, This was seen as essential in identifying priorities in building maintenance and ensuring NMS building maintenance was kept up to the required standard.

#### 8 Norfolk Museums Service – Performance & Strategic Update Report

8.1 The annexed report (8) by the Head of Museums was received.

- 8.2 The Joint Committee received a report that provided progress with performance against the NMS agreed service plan for 2016/17, details as to museum education and learning programmes, marketing and PR, partnerships, commercial developments, Norwich Castle Keep and other capital developments, NMS fundraising, the Arts Council England funding programme and the DCMS National Museums Review.
- 8.3 During discussion, the following key points were noted:
  - The Joint Committee was informed that museum visits (including school visits) across all 10 NMS sites for the period 1st April 2016 to 31 January 2017 had shown a slight decrease of 1% when compared to the equivalent period in the preceding year. Given many factors including an early Easter and a very hot summer, this level of performance was very encouraging.
  - Following the opening of the new Voices from the Workhouse galleries at Gressenhall and a strong exhibitions and events programme across the County, the Service was confident of matching last year's record visitor figures of c.400,000, including school visits of around 46,000.
  - Norwich Castle has run another successful annual art project with the Probation Service for Youth Offenders. The group learned about the history of the Castle, as first a Norman royal palace and then a prison, with a particular focus on the array of historic graffiti on the stone walls of the Castle Keep.
  - A joint application for Kick the Dust, a new Heritage Lottery Fund programme aimed at developing opportunities for young people aged 16-25, was submitted in November by the Service in partnership with YMCA Norfolk. A decision was expected later in the year.
  - The Museums Service was working with a tourism organisation UK Countryside Tours to develop tourism packages for the US alumni market, based on quintessential English experiences. The team at Gressenhall had helped to create an offer around the history of English agriculture focusing on leading figures like Jethro Tull and Charles Townshend.
  - An application to the Garfield Weston Foundation for the support of the Keep development was submitted in February 207. A significant grant of £500,000 was secured towards the project. Applications to other funders including the Foyle Foundation and the Wolfson Foundation were in preparation.
  - The final element of the capital works for the Voices from the Workhouse development project at Gressenhall was nearing completion. The redeveloped Collections Gallery would be fully operational by May 2017. The new gallery would be used by a range of users, including young people's groups.
  - NMS and Norfolk Arts Service had been successful in a Grants for the Arts funding bid to Arts Council England, for a project to be delivered in partnership with Sinfonia Viva, a nationally recognised orchestra. This exciting project would see an orchestral and sung performance by Sinfonia Viva and a choir of school children, volunteers and members of adult community groups at Gressenhall in June 2017. The words would be co-produced by school children and community groups and will be performed at evening and schools' performances.
  - The conservation work on the Ensign of Le Généreux was made possible because of funding from the Costume and Textile Association supplemented by a Just Giving campaign and a contribution towards the lining of the fabric from the Nelson Society. Details about the Just Giving Campaign would be

emailed to JMC Members after the meeting.

- 8.4 The Joint Committee **resolved**:
  - 1. To note that the redevelopment of the Keep at Norwich Castle which continues to progress positively.
  - 2. To note progress with plans for the remainder of 2016/17, including the exhibition and events programme and the Service's progress in achieving a balanced budget.
  - 3. To note progress with Arts Council England's new funding programme for 2018-22 and progress with the Service's funding applications.
  - 4. That progress on all other museums matters should continue to be reported back to the Joint Committee as part of the Head of Museums' periodic Performance and Strategic Update Report.

#### 9 NMS Collections Rationalisation Programme 2015-18

- **9.1** The annexed report (9) by the Head of Museums was received.
- **9.2** The Joint Committee was asked to approve the rationalisation of the Norwich Social History items that were listed in the appendix to the report.
- 9.3 The Joint Committee resolved:

To approve the rationalisation of the items listed in Appendix 2 to the report. It was noted that these items had been considered for rationalisation by Norwich City Council's Area Museums Committee. It was also noted that these objects would be offered in the first instance to other Accredited Museums likely to be interested in their acquisition. They would then be offered to the museum community at large or any other suitable public body. If no interest was expressed they would be sold at auction or destroyed.

#### 10 The Deep History Coast Project

- **10.1** The Joint Committee received presentations on the Deep History Coast (DHC) Project from Andrew Smith, NMS Operations Manager –East and Dr Andy Hutcheson Environment Manager, Norfolk County Council.
- **10.2** The Joint Committee heard that work was continuing, together with Natural History Museum specialists, on a review and analysis of Norfolk's faunal collections from the Cromer Forest Bed. NMS staff continued to work with North Norfolk District Council (NNDC) on the DHC Steering Committee in order to shape the direction of the project in North Norfolk. Specialist advice and support was also provided to North Norfolk's developing DHC Coastal Community Team work, with further meetings scheduled.
- **10.3** The Joint Committee noted that a partnership application led by NNDC to the Government's Coastal Communities Fund (CCF) was submitted at the end of June 2016 and had been successful in obtaining a Stage 1 pass. The second round application was submitted in December 2016 following a programme of exploratory work and detailed planning supported by NMS. If successful, the funding would enable the development of new tourism facilities across the North Norfolk Coast and improvements to the area immediately in front of Cromer Museum. The Joint

9

Committee would be kept informed of developments at future meetings.

**10.4** A booklet about the Deep History Coast Project was made available for Members to take from the back of the Committee Room.

The meeting concluded at 3.45 pm.

Report title:	Finance Monitoring Report for 2016/17
Date of meeting:	30 June 2017
<b>Responsible Chief</b>	Tom McCabe – Executive Director, Community
Officer:	and Environmental Services

#### Strategic impact

This report covers the outturn position for the Norfolk Museums Service (NMS) in 2016/17 as at 31 March 2017.

#### **Executive summary**

This report covers the Norfolk Museums Service (NMS) budget out-turn for 2016/17, including the revenue budget, reserves and provisions and the capital programme.

The main issues for consideration by this Committee are:

• NMS Revenue achieved a break-even position at year-end.

**Recommendations:** Committee Members are asked to consider and comment on:

• The final revenue budget, capital programme and reserves and provisions positions for 2016/17

## 1. Proposal (or options)

#### 1.1 Revenue Budget 2016/17

- 1.1.1 The NMS achieved a break-even revenue budget outturn for 2016/17.
- 1.1.2 There was a shortfall of £0.068m from Admissions Income, which is -5.28% of the target overall. Although there was an overall shortfall compared to the increased 2016-17 budget, Admissions income continued with the strong performance of 2015/16 and was up £0.018m on the previous year. The overall shortfall was offset by a reduction in utilities costs and additional income from educational activities, events and lettings.
- 1.1.3 The table below sets out the net revenue service budgets and out-turn for the NMS.

Service	Approved budget £m	Outturn £m	+Over/-Under spend £m	+Over/Under spend as % of budget	Variance since last report £m
Norfolk Museums Service	3.276	3.276	0.000	0.00%	0
NMS Total	2.558	2.558	0.000	0.00%	0

#### 1.2 Capital programme

- 1.2.1 Norfolk County Council's commitment to the county's cultural heritage and resources has been evidenced over the last year in our continuing programme of refurbishment and improvement to museums.
- 1.2.2 The capital programme is monitored over the life of the scheme rather than a single year. This reflects the life of the projects and the associated funding. The Norfolk Museums Service is highly active in attracting external funding for new schemes and where appropriate these will be reported to future committees.
- 1.2.3 The NMS 2016/17 capital programme is detailed in the table below and includes any programme revisions.
- 1.2.4 Previously reported projects for Norwich Museums, Seahenge conservation and Gressenhall Biomass Boiler, totalling £0.032m have been re-profiled to 2017-18 as no further work was planned in this financial year.

#### Capital Programme 2016/17 – Norfolk Museums Service

Scheme or programme of work	2016/17 Capital Budget £m	2016/17 Capital Outturn £m	Slippage	Reasons
Schemes in Progress				
Voices from the Workhouse Project	0.650	0.650	0	Project estimated to be completed in 17/18
ACE Small Capital Grants	0.158	0.158	0	Year 2 completed
Castle Keep Improvements	0.018	0.018	0	Stage 1 estimated to be completed in 17/18
Total	0.826	0.826	0	

#### Funding of the NMS Capital Programme

The NMS capital programme is funded from a variety of sources:

- Voices from the Workhouse project is funded from Heritage Lottery Fund (HLF). £1.8m funding will be received over 2 years (2016/18), to transform Gressenhall into a national centre for workhouse interpretation and increase the role of Gressenhall as a regional centre for heritage tourism.
- Castle Keep capital bid money was received in July 2015 from Historic England £0.8m. Further development funding of £0.462m was received from the Heritage Lottery Fund to develop the project further during 2016/18.
- Small Capital Projects have been funded for a second year from Arts Council England (ACE) to allow NMS to fund the purchase of capital assets to a number of accredited Museums in our region to increase resilience.

## 1.3 Reserves and Provisions

- 1.3.1 There are some changes to reserves and provisions to report. The table summarising the out-turn position appears below.
  - The income reserve is maintained to enable the service to effectively manage pressures on revenue streams and resources, particularly during periods of unfavourable weather conditions that can impact upon visitor numbers.
  - The Museums Repairs and Renewals Reserve includes funds for Gressenhall play area, farm and superstore equipment.
  - The Unspent Grants and Contributions Reserve includes earmarked non conditional project balances at year end.

Reserves and Provisions 2016/17	Opening Balances at 01 Apr 16	Balances as at 31 Mar 17	Change
	£m	£m	£m
Norfolk Museums Service			
Museums Income Reserve	0.130	0.130	0.000

# Joint Museums Committee

Item No 9

Report title:	Risk Management Report
Date of meeting:	30 June 2017
<b>Responsible Chief</b>	Tom McCabe, Executive Director of Community
Officer:	and Environmental Services
01	

#### Strategic impact

The Joint Museums Committee's role is to consider the risk management of the Norfolk Museums Service. Assurance on the effectiveness of risk management and the service risk register helps the Committee undertake some of its key responsibilities. Risk management contributes to achieving service objectives and is a key part of the performance management framework.

#### **Executive summary**

This report provides the Committee with the latest Norfolk Museums Service Risk Register as at May 2017. The reporting of risk is aligned with and complements the Performance and Financial reporting to the Committee.

The Norfolk Museums Service Risk Register was last reported to the Joint Museums Committee in March 2017. Since the last Committee meeting the Risk Register has been updated to show the latest developments.

**Recommendations:** Committee Members are asked to consider and comment on:

- The risks comparative to the last Joint Museums Committee meeting, shown in the reconciliation report in Appendix B.
- Review and comment on the risk data, information and analysis presented in the risk register report in Appendix A and determine whether the recommended mitigating actions identified are appropriate.

## 1. Proposal

1.1. The recommendations are included in the Executive summary above.

## 2. Evidence

- 2.1 The Norfolk Museums Service (NMS) risk data detailed in this report reflects those key business risks that are managed by the Norfolk Museums Service Departmental Management Team. Key business risks materialising could potentially result in the Service failing to achieve one or more of its key objectives and/or suffer a financial loss or reputational damage. The Norfolk Museums Service risk register is a dynamic document that is regularly reviewed and updated in accordance with the Council's Management of Risk framework.
- 2.2 The current risks are those identified against departmental objectives for

2016/17 and are included in **Appendix A**.

2.3 The register contains six risks. Of these, one risk is assessed as having an amber prospect of meeting the target score by the target date, one is assessed as having a green prospect, with the remaining four risks having already met their target score by the target date, but maintained on the risk register as low, but continuous risks in their nature. An explanation of the criteria for judging prospects scores can be found below in paragraph 2.5 below.

Each risk score is expressed as a multiple of the impact and the likelihood of the event occurring.

- Original risk score the level of risk exposure before any action is taken to reduce the risk
  - Current risk score the level of risk exposure at the time of the risk is reviewed by the risk owner, taking into consideration the progress of the mitigation tasks
  - Target risk score the level of risk exposure that we are prepared to tolerate following completion of all the mitigation tasks. This can be seen as the risk appetite
- 2.5 The prospects of meeting target scores by the target date are a reflection of how well the risk owners consider that the mitigation tasks are controlling the risk. It is an early indication that additional resources and tasks or escalation may be required to ensure that the risk can meet the target score by the target date. The position is visually displayed for ease in the 'Prospects of meeting the target score by the target date' column as follows:
  - Met the target score has been achieved by the target date
  - Green the mitigation tasks are on schedule and the risk owner considers that the target score is achievable by the target date
  - Amber one or more of the mitigation tasks are falling behind and there are some concerns that the target score may not be achievable by the target date unless the shortcomings are addressed
  - Red significant mitigation tasks are falling behind and there are serious concerns that the target score will not be achieved by the target date and the shortcomings must be addressed and/or new tasks are introduced.
- 2.6 There are no risks that the risk owner has identified as 'prospects of meeting the target score by the target date' as Red.
- 2.7 The evidence is that risks are being managed to an appropriate level with the mitigation tasks being undertaken. In all cases, risks have been reviewed by risk owners to ensure that the risk scores and target dates reflect the current position against current service objectives. Risk registers are reviewed and challenged appropriately by the Risk Management Officer to ensure a consistent approach to risk management across all teams.

## 3. Financial Implications

There are no significant financial implications arising from the Risk Management report.

## 4. Issues, risks and innovation

There are no other significant issues, risks and innovations arising from this Risk Management report.

#### Appendix B – Risk Reconciliation Report

The Norfolk Museums Service Risk Register was last reported to the Joint Museums Committee in March 2017.

Since the last Committee meeting the Risk Register has been reviewed by the Assistant Director Culture & Heritage and the Risk Management Officer. It was agreed that there have been no significant changes to report

The next review is due in July 2017.

# Norfolk Joint Museums Committee

Item No. 10

Report title:	Performance & Strategic Update Report
Date of meeting:	30 June 2017
Responsible Chief Officer:	Tom McCabe – Executive Director, Community and Environmental Services
Otrotogia improact	

#### Strategic impact

This report provides an update on performance against Norfolk Museums Service (NMS) Service Plans.

#### **Executive summary**

This report provides an update on performance against Norfolk Museums Service (NMS) Service Plans.

**Recommendations:** 

- To note progress regarding development of the Keep at Norwich Castle
- To note the plans for 2017/18 including the current and future exhibition and events programme and the Service's progress in achieving a balanced budget
- To note the Arts Council England's new funding programme for 2018-22 and progress with the Service's funding applications

#### 1. Background

This report notes the performance of Norfolk Museums Service over the current financial year 2017/18 including the exhibitions and events programme across the 10 museums, the Service's award-winning learning programmes and the Service's work with groups including Looked After Children and foster families. The report also provides an update on all major projects including the Keep development at Norwich Castle.

#### 2. Performance Summary

- 2.1 Total museum visits across the 10 sites for the financial year 2016/17 were confirmed as 387,610, a figure in line with expectations and reflecting a very successful year. Total visits across the 10 museum sites for April 2017 were 37,800 compared to 33,061 in April 2016, representing a positive start to the season.
- 2.2 School visits across the 10 sites for the financial year 2016/17 were 49,763. This figure exceeds the last two record years in which the school visit numbers were 45,032 and 45,505. This exceptional performance is due to strong and relevant programming and to a significant effort on the part of the learning teams across the Museums Service. The result is very much at odds to the national picture of declining school visits to museums.
- 2.3 The Service is hoping to maintain visitor figures of c.400,000 across the 10 museums for 2017/18 and to keep school visits at the c.45,000 level.

## 3. Performance/Service Plan highlights

#### 3.1 Little Lives: Snapshots of Childhood 1800 to the Present Day: exhibition at Lynn Museum, King's Lynn

This exhibition at the Lynn Museum touches on the stories of childhood over the last two centuries. Childhood objects from the museum collections together with photographs and paintings offer snapshots of the changing experience of childhood.

The exhibition opened on 23 September 2016 and continues until 11 June.

## 3.2 'Sixty Years On': Norfolk Contemporary Art Society; exhibition at Norwich Castle

An exhibition celebrating the impact of Norfolk Contemporary Art Society on Norwich Castle's collections over the last six decades.

Exhibition in the Timothy Gurney Gallery – extended until the Autumn.

## 3.3 Small Stories: At Home In A Dolls' House; exhibition at Norwich Castle & Strangers' Hall

Take a peek behind closed doors and discover the Small Stories of the tiny inhabitants of twelve of the V&A Museum of Childhood's most treasured dolls' houses.

Journey through 300 years of the history of the home and listen to takes of marriages and parties, politics and crime. Visit a country mansion, a Victorian town house, a suburban semi, and a high-rise apartment.

This fun, family exhibition has detail to delight all ages. Explore each dolls' house through audio and lighting, or shrink to doll size, dress up, and experience daily life in the 1840s and 1960s in our room recreations.

The finale of the exhibition is Dream House 2017, featuring magical, miniature rooms specially created by Norfolk architects, artists, makers, students, and school groups.

At Strangers' Hall, see the newly conserved Norwich Baby House, alongside delightful examples of dolls' houses, furniture and miniatures from our extensive collections. Follow the trail to discover them all – arranged throughout our period room settings for the duration of the show.

Exhibition runs 4 March – 25 June 2017.

# 3.4 Titanic: Honour and Glory; Exhibition at Time and Tide Museum, Great Yarmouth

Titanic has become the most famous ocean liner in the world: from her conception to her premature demise, the Titanic legend continues. With this exciting touring exhibition we explore this famous ship, her sister ships and their owners, the White Star Line, as well as revealing the local links of some of its passengers. Titanic: Honour & Glory is a must for all ages fascinated by this endlessly compelling story.

Exhibition runs 1 April – 24 September.

#### 3.5 Olive Edis: Pioneering Photographer; touring exhibition in North Norfolk.

Supported by the Heritage Lottery Fund, an exhibition showing the work of Olive Edis, pioneering photographer and the world's first female war photographer, is touring venues in North Norfolk.

Summer 2017.

3.6 **300 Year of Freemasonry; Exhibition at the Museum of Norwich** Exhibition exploring 300 Years of Freemasonry in Norwich.

Exhibition runs 9 May – 22 July.

3.7 Forthcoming exhibitions

Nelson & Norfolk; at Norwich Castle, July – September 2017

Rembrandt: Lightening the Darkness; at Norwich Castle from October 2017

**Shoes!**; at Lynn Museum from June 2017

Black Beauty; at Museum of Norwich from July 2017

### 4. Learning Programmes

- 4.1 The learning teams across the County continue to deliver a number of awardwinning programmes for all ages with a focus on the priority groups of schools, disadvantaged communities and our Looked After Children. The Learning Teams across the County have worked hard to deliver a record year for schools visits across the 10 museums, with close to 50,000 visits during 2016/17.
- 4.2 The quote below, following a recent visit to Time & Tide Museum in Great Yarmouth, is typical of the feedback that the teams receive:

Hi Polly

Please pass on my thanks to Sam and the rest of the team for an excellent visit yesterday. Our pupils were thoroughly immersed in the role play activities and gained a great deal from the experience. It was a fantastic way of launching our topic on World War II. They couldn't stop talking about it on the journey back to school and indeed in the last few minutes of the school day in the classroom. Many have already mentioned using the free passes to return with their families.

I look forward to returning next year with the new cohort.

Kind regards

Jason Coe Firside Junior, Hellesdon

4.3 Norfolk Museums Service continues to support the Norfolk County Council initiative, **Count on Norfolk**, designed to help children and young people engage successfully with maths.

These programmes at Norwich Castle illustrate the creative approach taken:

Marvellous Medieval Maths (Key Stage 2)

Some important guests – possibly even the king! – are coming for a feast and the Castle household is very busy trying to get ready. Children meet four members of the household and use numbers, statistics, geometry and measuring to help with the preparations. During this inventive and creative day, pupils calculate the costs of the feast, meet a weaver and design symmetrical banners, handle real museum objects, and use estimating and measuring skills to plan decorations for the Keep.

Storming the Castle: A Maths and History Investigation (Key Stage 3)

Students use maths skills (estimating, measuring, costs and coinage, weights and measures) to investigate problems relating to the real-life siege of Norwich Castle in 1216. They meet costumed characters from the siege and use maths to devise the best way to attack and defend the Castle in medieval times. They investigate the water supply, handle medieval objects, play strategic games, assess weapons used to attack and defend a castle, measure the Keep, and plan a budget for the siege.

- 4.4 The Learning Teams took the lead on delivering a range of exciting, free, family events as part of the national **Museums at Night** event in May. Special programmes took place in Norwich, at Cromer and across the three Great Yarmouth museums. At Norwich, an Alice in Wonderland-themed evening complemented the Small Stories exhibition, whilst at Cromer the evening's entertainment was centred on the new Olive Edis Gallery. At Time and Tide, an Edwardian evening, inspired by the Titanic exhibition, saw children learning how to waltz and to send a message in Morse Code.
- 4.5 **Together to the Workhouse Door.** NMS and Norfolk Arts Service have been successful in a Grants for the Arts funding bid to Arts Council England, for a project to be delivered in partnership with Sinfonia Viva, a nationally recognised orchestra. This exciting project will see an orchestral and sung performance by Sinfonia Viva and a choir of school children, volunteers and members of adult community groups at Gressenhall on 7 & 8 June 2017.

Gressenhall's Learning Team have developed an Inspiration Day to provide material for the choral piece and in a Sharing Day following the main performances at which schools will share their own creative responses to the stories from the workhouse. The project should prove to be a wonderful opportunity to highlight the continued contemporary relevance of the workhouse and to promote Gressenhall's offer shortly before the start of the summer holidays.

4.6 **English as an additional language (EAL) initiative in Great Yarmouth.** Positive progress continues on this strategically important learning programme. The funding for this project, which comes from the Department for Education and Arts Council England, has created the resources to significantly increase schools programming by developing a number of new literacy events. These provide immersive experiences and use collections to really engage students with writing.

Last term learning staff carried out a research project looking at ways to make schools events more accessible for students with English as an Additional Language (EAL), using the 'Explorers' literacy event as a test case. NMS staff have been working with the Advisor for Norfolk County Council's 'Educator Solutions' team, working with Norfolk Schools to improve attainment for EAL students. NMS also worked with a local writer, Greta Healey, who came via the Writers' Centre Norwich.
