

# HR & Finance Programme Corporate Select Committee update

**Norfolk** County Council

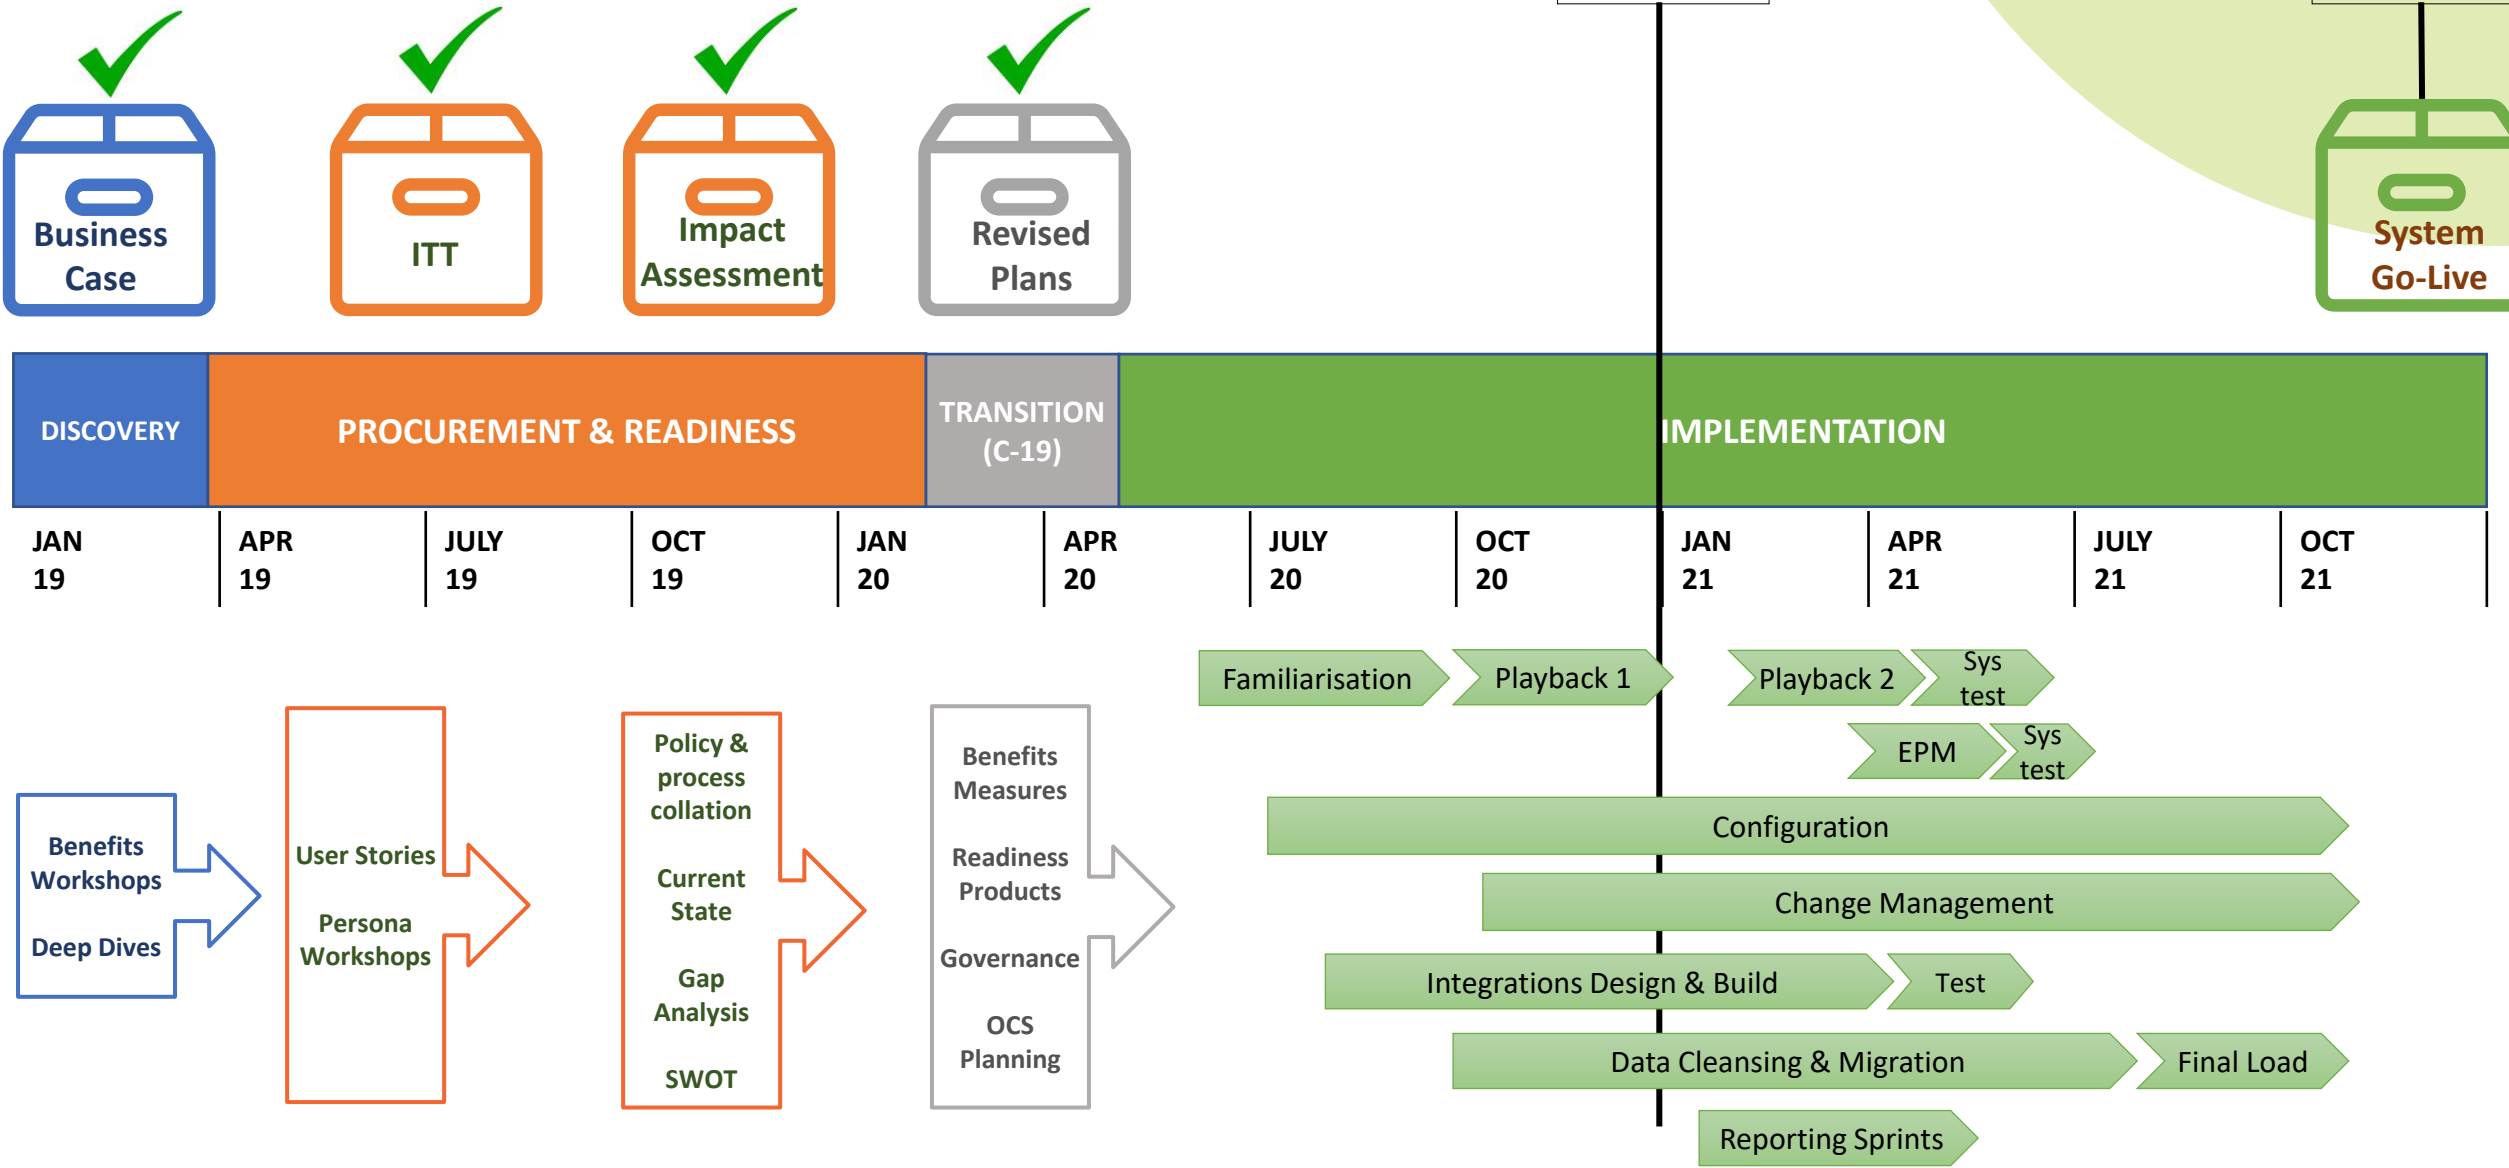

**ORACLE®**

---

**CLOUD**

25 January 2021

# High level programme timeline

# Strategic Benefits

## Best Practice/Business Process

To ensure most effective business process and data to carry out our core business and statutory functions, our residual employer responsibility including budget planning.

## Integration

To ensure that systems and data are integrated and that data and processes across systems are open and effective.

## Flexibility

reducing support complexity, risks and limitations of the current EBS; improving disparate peripheral systems and processes by introducing standardisation and simplification of processes; offering options for commercialisation and shared services opportunities.

## Productivity

A system enabling our staff to work with optimum agility and effectiveness, enhancing governance and controls and releasing front-line staff time

## Workforce

Improved workforce development and deployment > enabling our staff to work with optimum agility and effectiveness, enhancing governance and controls and releasing front-line staff time.

## Savings

By reducing support costs and adapting our processes to a consistent, modern, user-friendly system with more automation and self-service.

## Digitisation

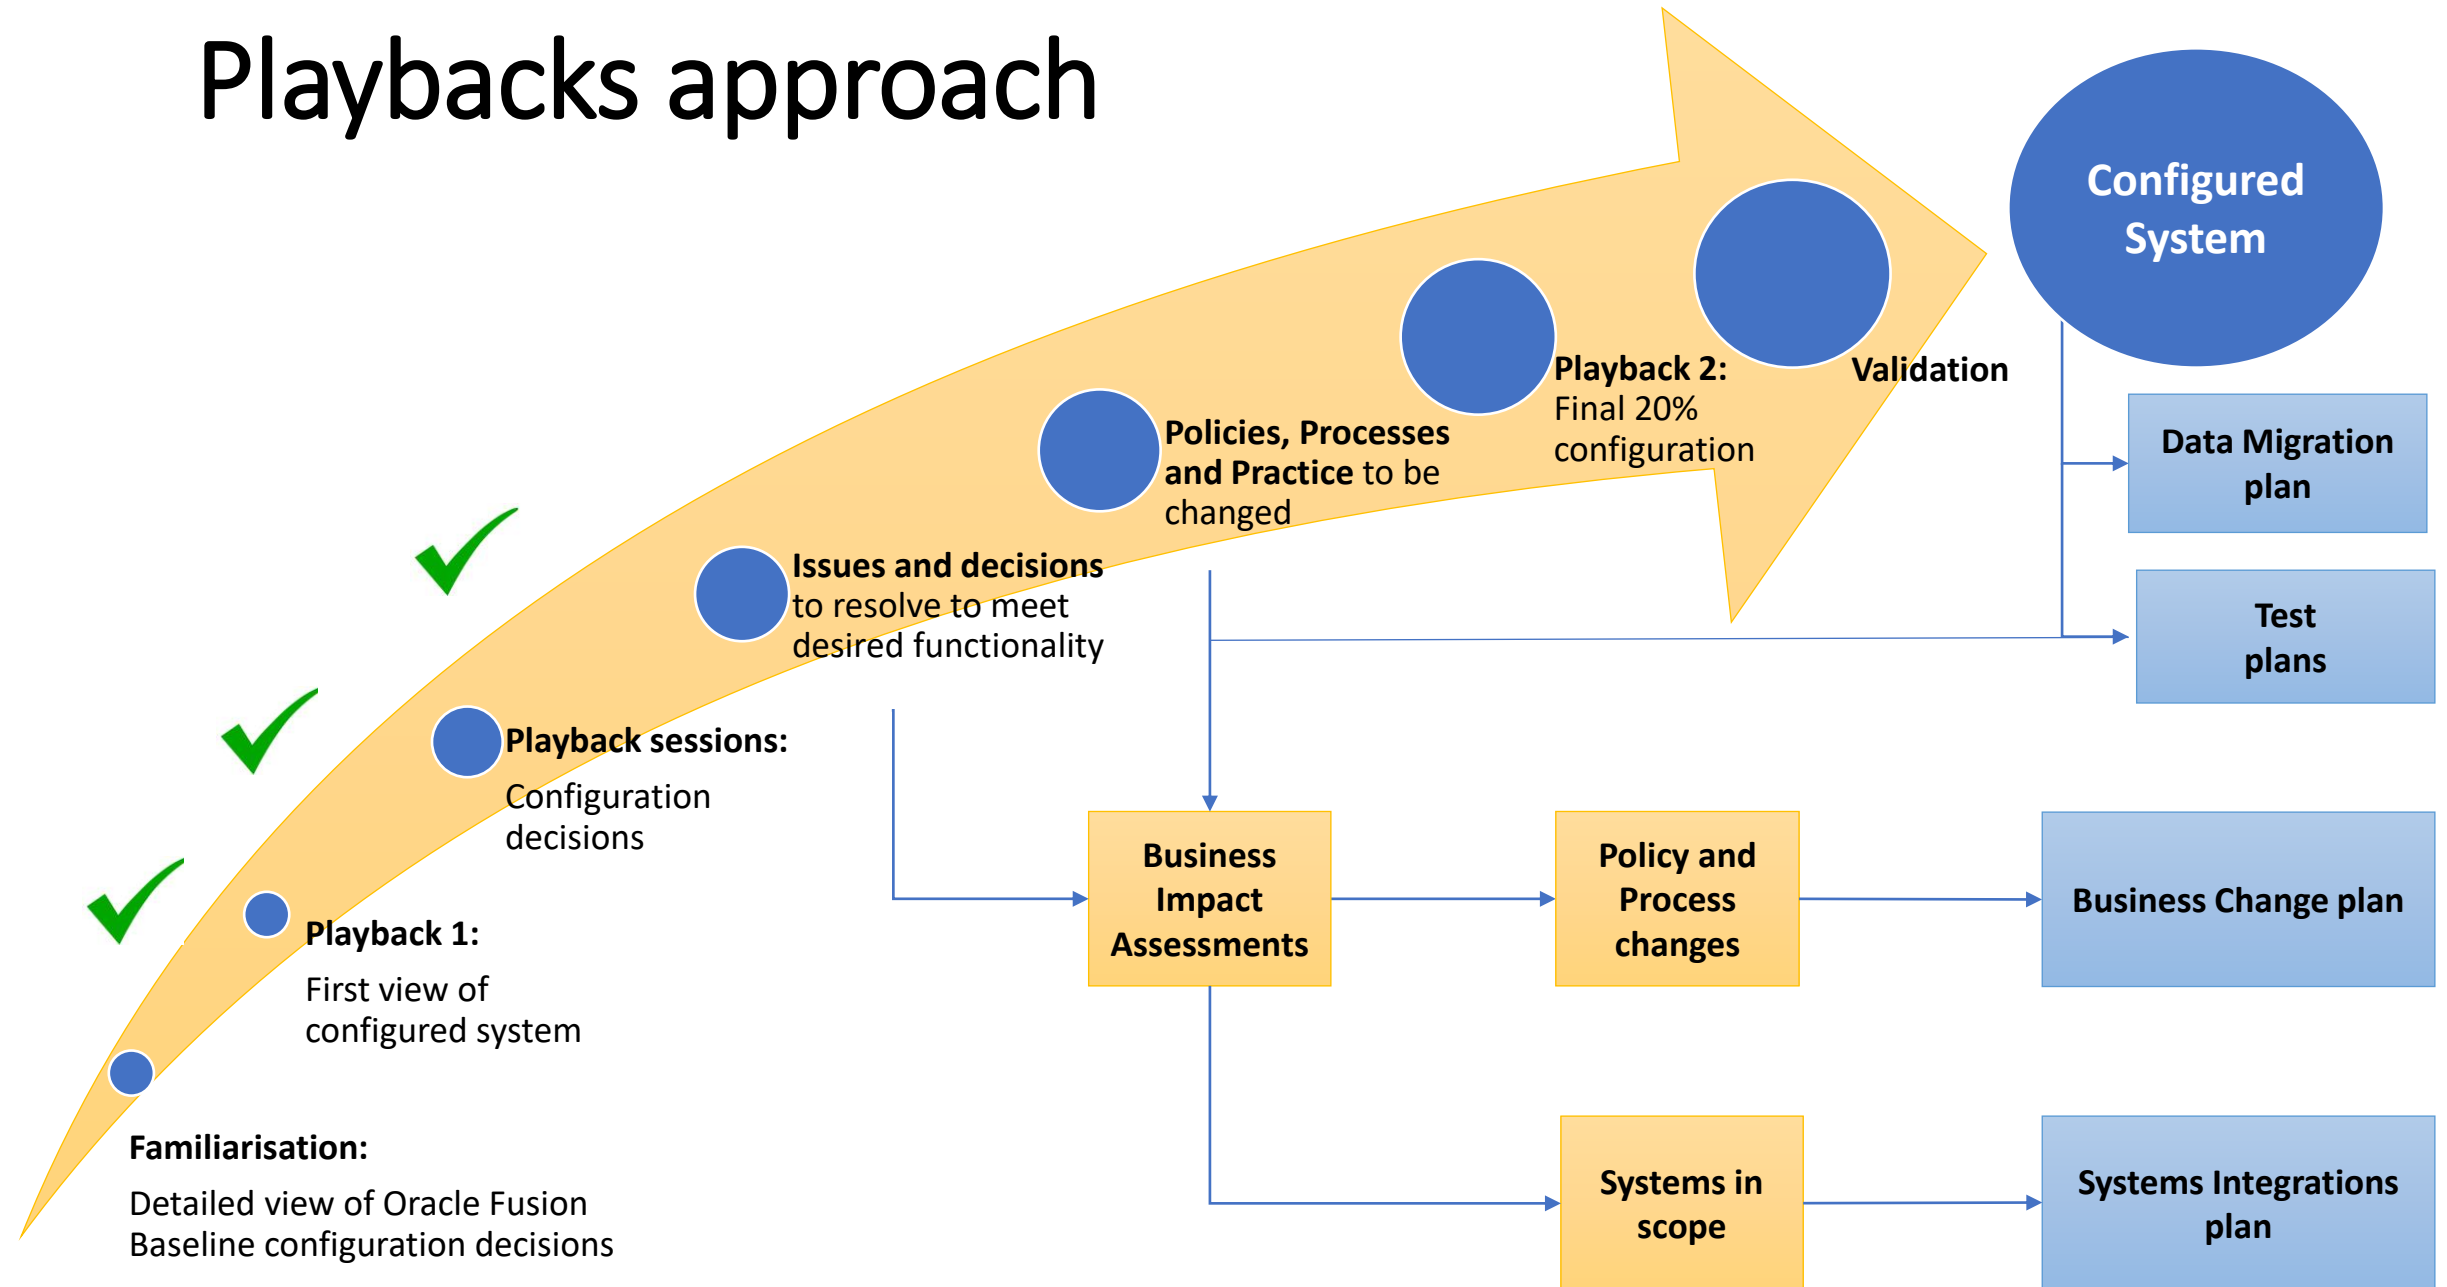

To deliver strategic step change, including better online services for employees, partners, providers, and citizens.

## Analytics

To unlock the potential of the data with better analytics informing service improvement and demand management and connecting with advances in technology such as Internet of Things and Artificial Intelligence.
