Norfolk Police and Crime Panel

Date: 31 January 2014

Time: **10.00am**

Venue: Edwards Room, County Hall, Norwich

** A pre-meeting has been arranged for Panel Members at 9.30am in the Colman Room.

Persons attending the meeting are requested to turn off mobile phones.

Membership

Main Member	Substitute Member	Representing
Mr William Richmond	Mr Frank Sharpe	Breckland District Council
Mr Ian Graham	Mr Roger Foulger	Broadland District Council
Mr Lee Sutton	Mr Michael Jeal	Great Yarmouth Borough Council
Mr Brian Long	Mrs Elizabeth Nockolds	King's Lynn and West Norfolk Council
Mr Alec Byrne	Michael Chenery of Horsbrugh	Norfolk County Council
Mr Brian Hannah	Mr Brian Watkins	Norfolk County Council
Mr Andrew Boswell	Mr Richard Bearman	Norfolk County Council
Mr Richard Shepherd	Mr Roy Reynolds	North Norfolk District Council
Mr Paul Kendrick	Mr Alan Waters	Norwich City Council

Dr Christopher Kemp	Ms Lisa Neal	South Norfolk Council
Ms Sharon Brooks	(no substitute member)	Co-opted Independent Member
Mr Alexander D Sommerville, CPM	(no substitute member)	Co-opted Independent Member

For further details and general enquiries about this agenda please contact the Committee Officer:

Sonya Blythe on 01603 223029 or email committees@norfolk.gov.uk

Agenda

1. To receive apologies and details of any substitute members attending

2. Declarations of Interest

Norfolk County Council and Independent Co-opted Members

If you have a **Disclosable Pecuniary Interest** in a matter to be considered at the meeting and that interest is on your Register of Interests you must not speak or vote on the matter. It is recommended that you declare that interest but it is not a legal requirement.

If you have a **Disclosable Pecuniary Interest** in a matter to be considered at the meeting and that interest is not on your Register of Interests you must declare that interest at the meeting and not speak or vote on the matter

In either case you may remain in the room where the meeting is taking place. If you consider that it would be inappropriate in the circumstances to remain in the room, you may leave the room while the matter is dealt with.

If you do not have a **Disclosable Pecuniary Interest** you may nevertheless have an **Other Interest** in a matter to be discussed if it affects:

- your well being or financial position
- that of your family or close friends
- that of a club or society in which you have a management role

- that of another public body of which you are a member to a greater extent than others in your ward.

If that is the case then you must declare such an interest but can speak and vote on the matter.

District Council representatives will be bound by their own District Council Code of Conduct.

3. To receive any items of business which the Chairman decides should be considered as a matter of urgency

4.	Minutes	(Page 5)
	To confirm the minutes of the meeting held on 25 November 2013	
5.	Police and Crime Commissioner for Norfolk's Proposed Precept for 2014-15	(Page 10)
	To review the Police and Crime Commissioner for Norfolk's proposed precept for 2014-15.	
6.	Complaints Monitoring Report	(Page 66)
	To consider the regular monitoring information.	
7.	Work Programme 2014-15	(Page 69)
	To consider a work programme for 2014-15.	
Date	Agenda Published: Thursday 23 January 2014

Sonya Blythe Norfolk County Council, Democratic Services, County Hall, Martineau Lane, Norwich, NR1 2DH Tel. 01603 223029 Fax. 01603 224377 Email <u>committees@norfolk.gov.uk</u>

If you need this document in large print, audio, Braille, alternative format or in a different language please contact 0344 800 8020 or 0344 800 8011 (textphone) and we will do our best to help.

Norfolk Police and Crime Panel Minutes of the Meeting Held on Monday 25 November 2013 at 3.00 p.m County Hall, Norwich

Main Panel Members Present:

Dr Christopher Kemp (Vice-Chairman in the Chair)	South Norfolk Council
Mr William Richmond	Breckland District Council
Mr Ian Graham	Broadland District Council
Mr Lee Sutton	Great Yarmouth Borough Council
Mr Brian Long	King's Lynn and West Norfolk Council
Dr A Boswell	Norfolk County Council
Michael Chenery of Horsbrugh	Norfolk County Council
Mr Richard Shepherd	North Norfolk District Council
Mr Paul Kendrick	Norwich City Council
Ms Sharon Brooks	Co-opted Independent Member
Mr Alexander Sommerville CPM, MA	Co Opted Independent Member

Officers Present

Mrs Susan Farrell Mr Greg Insull Mrs Jo Martin

Others Present

Mr Stephen Bett Mr Mark Stokes Democratic Support Manager Assistant Head of Democratic Services Scrutiny Support Manager

Police & Crime Commissioner for Norfolk Police & Crime Commissioner for Norfolk's Chief Executive Candidate, Chief Finance Officer

Mr John Hummersone

1. To receive apologies and details of any substitute members attending

1.1 Apologies were received from Alec Byrne (Michael Chenery of Horsbrugh substitute), Mr Brian Hannah, Norfolk County Council.

2 Members to Declare any Interests

2.1 None.

3 To receive any items of business which the Chairman decides should be considered as a matter of urgency

3.1 The Chairman advised that there were no urgent items of business to consider.

4 Minutes of the meeting held on 25 October 2013

4.1 The minutes of the meeting held on 25 October 2013 were confirmed as a correct record and signed by the Chairman, subject to it being noted that Mr Somerville was present at that meeting.

5. Confirmation Hearing for the Police and Crime Commissioner for Norfolk's proposed Chief Finance Officer appointment

- 5.1 The Chairman invited the Commissioner to introduce the preferred nominee.
- 5.2 The Commissioner explained that the current Chief Finance Officer, Bob Summers, retired in January 2014. This was a statutory appointment and the candidate, Mr John Hummerson would play a key role in all financial matters. Mr Hummersone was an outstanding candidate and the decision to appoint him was unanimous.

The following question was addressed to Mr Betts and answered by him.

- Q. Are you satisfied that a part-time appointment is appropriate and will be sufficient to cover all the duties of the post?
 A. A part time appointment was adequate enough for the job that was required. If there was seen to be a requirement at a future date, resulting possibly from additional activities imposed by government, then this would be reconsidered but there was no need for change at this moment in time.
- 5.4 The following questions were put to Mr Hummersone.
- 5.5 Q. What are the key responsibilities of the role?

A. There is a statutory responsibility set out in the Code of Practice underpinning the Act and the role entails being the Commissioner's main financial adviser. The primary aim will be to establish financial arrangements for the medium and longer term. He added that his role was also to ensure systems of internal control, probity etc used by the force were fit for purpose, worked well and were efficient.

5.6 Q. What are the strengths and experience that you will bring to the role?

A. I was appointed as Treasurer to Cambridgeshire Police in 2005 and had many years with three different Chairmen of the Police Authority, and worked with the newly appointed Commissioner. I am a qualified Chartered Accountant. When joining Cambridgeshire, it was in a different place than today and needed improvement. As a direct result of my work, the Authority is in a much better place. I have a good knowledge of police and policing.

5.7 Q. What is the approach you will take to supporting the Commissioner in handling the current and future unprecedented financial challenges? Give examples of the methods which may help you?

A. I will be ensuring that the Authority's treasury management strategy is sound. I will be in discussions with the auditors and am fully aware of the significant challenges which are arising for the Commissioner. There is an unprecedented financial challenge facing the public sector as a whole and my role will be to ensure that the Commissioner is advised about all options available to him and

the risks associated with them; and to support the Commissioner through making his choices.

5.8 Q.? What is your understanding of the separation of duties between the Commissioner and the Chief Constable? How would you handle it if the Chief Executive and Commissioner chose to go down different pathways?

A. I am clear on the statutory responsibilities of the two roles but am aware there can be tensions at times. My role is to support the Commissioner – it is my signature on the accounts. I am conscious that there is a need to work collaboratively.

5.9 Q. How they you support the Commissioner in holding the Chief Constable to account?

A. The Commissioner is supported by the Chief Financial Officer and needs to be well briefed so he is in a position to ask challenging questions. There is a need to work in partnership and the public should understand the reasoning and approach taken to issues by both the Chief Constable and Commissioner.

5.10 Q. How will you support the Commissioner in maintaining the successful collaboration with Suffolk?

A. I am aware of plans to establish partnership working between Norfolk and Suffolk. Cambridgeshire was in partnership with Berkshire and Hertfordshire Police Authorities. Collaboration is become increasingly important as austerity bites. I would work closely with the Chief Finance Officer at Suffolk.

5.11 Q. What sort of Chief Finance Officer (CFO) might you be – a terrier or a reactive?

A. I will get on and find out the detail of what's happening. Time will be spent establishing the fundamental processes – it's important to do so.

5.12 Q. How do you see the role of the PCP in confirming the Commissioner's budget and plan, and how do you propose to advise the PCP on the financial issues?

A. The CFO provides the checks and balances for holding individuals to account. You need to understand the context of issues and I would want to work with the Panel. I am keen to see what's happened to date and if I can add anything to that information. I would want you as a Panel to be well briefed on all risk and issues, and the route that the Commissioner has taken to arrive at his decision.

5.13 Q. How would you reconcile your higher professional duty with your ordinary duty to the Commissioner, giving an example of how you may have handled any such conflict in the past?

A. I cannot think of an example where I have faced a conflict of interest between my professional role and the work I have undertaken in holding the office of Finance Officer. If I were faced with such a situation in the future, I might seek advice from colleagues within my profession.

5.14 Q. How will you be occupying the remainder of you week – do you have other employment?

A. I have no other paid employment other than charitable work.

- 5.15 Q. Can you work from home?
 - A. Yes.
- 5.16 Q. What challenges do you see ahead and how will you respond to them?

A. The challenge will be to get through this period of austerity. The work ahead is a bit daunting but I have a track record of meeting such challenges. I am proud of my working in making information accessible to the public. I have never had any unqualified accounts.

5.17 Q. Do you regard the extract from your application form at Appendix D as being a fair summary and is there anything you wish to highlight? Could you clarify what you mean by "and some loss of sovereignty"?

A. Nothing to add to my application. There may be some loss of sovereignty if forces are to merge in future. As an individual I will bring more to the job than pure financial skills.

6 Exclusion of the public

6.1 The Panel was advised that, with regard to item 7, where the outcome of the hearing would be discussed, the Panel would need to consider whether to exclude the public for the consideration of the report.

The Scrutiny Support Manager presented the public interest test, as required by the 2006 Access to Information Regulations for the consideration of the Panel as follows:

- In order to take the best and most informed decision that they can, Panel Members need space to consider and discuss the suitability of the candidate for the role without feeling constrained by the presence of the public and press.
 - The Panel's decision, and the reasons for it, will be released into the public domain in due course and the delay in doing so is not critical to the public interest.
- 6.3 **RESOLVED** that the public be excluded whilst the hearing was considered.

7 Confirmation Hearing for the Police and Crime Commissioners for Norfolk's proposed Chief Finance Officer appointment

- 7.1 The Panel considered the proposed appointment and unanimously **RESOLVED**:
 - 1) to recommend that Mr Bett should proceed in appointing Mr Hummersone to the position of Chief Finance Officer. The Vice Chairman would confirm this in writing.
 - 2) That, according to the local PCP-PCC protocol, its report to the Commissioner would remain confidential until co-ordination of media releases had been discussed with the Commissioner's Office.

8 Return to public session

9. Forward Work Programme.

9.1 The Chairman highlighted that, in order to provide reassurance to the public, the Commissioner had instructed his Chief Executive to review all internal control procedures relating to expense claims. This process will be undertaken independently by the Internal Auditors PriceWaterhouseCoopers (PwC). Their report will be made available to the Panel and, if required, the Internal Auditors will be available to answer questions from members of the Panel.

The Panel agreed:

- 1) That a Sub-Panel of 4 members (Mr Richmond, Mr Foulger, Mr Sutton and Dr Boswell) be set up to review the auditor's report and decide whether it needs to meet the auditors and if necessary; report back to the Panel.
- 2) Should Members involved in the handling of any complaints feel that such a review could prejudice that process; the review should take place following the resolution of those complaints.
- 9.2 The forward work programme for the remainder of the year was **noted**. It was explained that the Panel may wish to amend it following its 13 December workshop.

The meeting closed at 3.50 pm

CHAIRMAN

If you need this document in large print, audio, Braille, alternative format or in a different language please contact Democratic Services on 0344 800 8020 or 0344 800 8011 (textphone) and we will do our best to help.

Police and Crime Commissioner for Norfolk's Proposed Precept for 2014-15

Suggested approach from Jo Martin, Scrutiny Support Manager

The Panel is recommended to:

- 1) Note the Police and Crime Commissioner for Norfolk's proposed Revenue Budget and Capital Programme for 2014-15 and Medium-Term Financial Strategy 2014-15 to 2017-18.
- 2) Decide whether or not it supports the Police and Crime Commissioner for Norfolk's proposed precept for 2014-15 and agree the content of the Panel's report which must be made to the Commissioner.
- 3) Agree to meet at 10am on 13 February 2014 to review a revised precept proposal, should it decide to veto the precept proposal at today's meeting.

1. Background

- 1.1 The Police Reform and Social Responsibility Act 2011 ("the Act") requires the Police and Crime Panel ("the Panel") to review the Police and Crime Commissioner for Norfolk's proposed precept (the amount he wants to raise from Council Tax) for the forthcoming financial year.
- 1.2 The Regulations require:
 - the Police and Crime Commissioner to notify the Panel of his/her proposed precept by 1 February 2014;
 - the Panel to review and make a report to the Commissioner on the proposed precept (whether it vetoes the precept or not) by 8 February 2014;
 - where the Panel vetoes the precept, the Commissioner is to have regard to and respond to the Panel's report, and publish his/her response, including the revised precept, by 15 February 2014;
 - the Panel, on receipt of a response from the Commissioner notifying it of his/her revised precept, to review the revised precept and make a second report to the Commissioner by 22 February 2014;
 - the Commissioner to have regard to and respond to the Panel's second report and publish his/her response by 1 March 2014.
- 1.3 The Panel may only veto the first proposed precept. For that purpose, the Panel must vote in favour of using its veto by the required majority of at least two-thirds of the Panel's membership (8 or more members). Where a veto occurs, the report to the Commissioner must include a statement to that effect.

1.4 If the Panel fails to report to the Commissioner by 8 February 2014 the scrutiny process comes to an end, even if the Panel has voted to veto the proposed precept, and the Commissioner may issue his proposed precept.

2. The proposed precept for 2014-15

- 2.1 The Police and Crime Commissioner for Norfolk ("the Commissioner") is proposing to increase the police and crime element of the council tax in 2014-15 by a maximum of 1.97% (£3.96 per annum) to £204.75 at Band D, subject to determination by the Government of the referendum trigger. He is recommending this increase as his preferred option for 2014-15 on the basis that:
 - a) It needs to be set not as a one-off decision in relation to next year, but as part of a strategy in relation to policing over the medium to long-term.
 - b) The budget proposals are consistent with the Commissioner's 10 point pledge and the Police and Crime Plan for 2014-15, which is being prepared and will have 3 key strategic objectives (see paragraph 1.3 of Annex A).
 - c) The Constabulary faces considerable service pressures including significantly increased demand in the area of vulnerability in the wake of recently discovered and nationally well publicised abuse cases.
 - d) Advice from the Chief Constable has been considered alongside views from the community, key stakeholders and public sector bodies in the police, community safety and local criminal justice areas.
- 2.2 The Commissioner's report to the Panel, setting out his precept options for 2014-15, is attached at **Annex A** of this report. It sets out the reasons for the Commissioner's preferred option and the proposed increase in precept for 2014-15, and includes the following detailed supporting information:

Appendix A Appendix B Appendix C	Analysis of changes to the 2013-14 base budget Proposed Capital Programme 2014-15 to 2017-18 Forecast movement in general balances and earmarked reserves 2014-15 to 2017-18
Appendix D	Prudential Code Indicators 2014-15, 2015-16, 2016-17
Appendix E	Annual Investment And Treasury Management Strategy 2014- 15
Appendix F	Minimum Revenue Provision Statement 2014-15
Appendix G	Medium-Term Financial Plan Option 1
Appendix H	Medium-Term Financial Plan Option 2
Appendix I	Medium-Term Financial Plan Option 3
Appendix J	Precept Options 2014-15 as per Option 1
Appendix K	Precept Options 2014-15 as per Option 2
Appendix L	Precept Options 2014-15 as per Option 3

- 2.3 The Panel will wish to note the Commissioner's funding and financial strategies as background information for its consideration of the proposed precept. It is not required to approve the budget or make recommendations on the allocation of resources.
- 2.4 The funding and financial strategies are based on the provisional grant

11

settlement announced by the Home Office on 19 December 2013, the latest estimates of tax base and collection fund positions from the seven billing authorities and the Commissioner and Chief Constable's proposed budget and saving plans for 2014-15.

- 2.5 In preparing the Revenue Budget and Capital Programme for 2014-15 and his Medium-Term Financial Strategy 2014-15 to 2017-18, the Commissioner and Chief Constable and their respective Chief Financial Officers have followed the requirements of the Financial Management Code of Practice. Consideration has been given to the robustness of budget estimates and saving proposals, and the level of resources needed to meet the Strategic Policing Requirement and deliver a Police and Crime Plan for Norfolk.
- 2.6 The Chief Finance Officers have advised the Commissioner and Chief Constable on the level of risk and the adequacy of reserves in preparing the draft budget proposals. These are referred to throughout the report.
- 2.7 The final budget for 2014-15 will be agreed by the Commissioner in February 2014 when the final grant settlement is announced and confirmation of tax base collection fund position from billing authorities is received (before 31 January 2014). Should any change be necessary this will be dealt with by a transfer to or from the General Reserve, and the precept will therefore be unaffected.
- 2.8 The Panel will wish to note that the Commissioner's budget consultation is due to close on Wednesday 29 January 2014. An overview of the feedback received so far is included at paragraph 4 of Annex A to this report, but a full summary will be presented to the Panel at its meeting.

3. Suggested approach

- 3.1 The Police and Crime Commissioner for Norfolk and his Deputy will attend the meeting to answer the Panel's questions and will be supported by members of his staff, including his Chief Executive and Chief Finance Officer.
- 3.2 Norfolk County Council's Head of Finance will attend to provide independent financial advice to the Panel if required. He has considered the financial assumptions underpinning the Commissioner's budget proposals for 2014-15 and beyond and has discussed these with the Commissioner's Chief Finance Officer. The assumptions are considered to be reasonable and realistic in light of the current understanding of future funding levels, but will need to be kept under continued review, particularly in light of the next Government Spending Review.
- 3.3 After the Commissioner has presented his report, the Panel may wish to question him on the following areas:
 - a) The options and implications that have been considered in formulating the proposed precept, including the government offer of a 'freeze' grant.
 - b) The Commissioner's rationale for increasing the precept and clarification of the use to which the additional precept income is to be put.

- c) How the proposed precept aligns with the resources required to fulfil the Police and Crime Plan.
- d) Progress with efficiency savings arising from the current Comprehensive Spending Review period (2011-15), collaboration and the Challenge Programme.
- e) The level of risk and the adequacy of reserves in preparing the draft budget proposals.
- f) The affordability of the capital programme, which is being funded mainly from borrowing.
- g) How the Commissioner plans to address the projected significant funding shortfall in 2016-17 and beyond when the Budget Support Reserve is anticipated to run out.
- h) The key messages received through consultation.
- i) The implications for partnership working.
- j) Commissioning intentions and the Community Safety Fund Crime and Disorder Reduction Grants 2014-15.

4. Possible outcomes from reviewing the proposed precept

- 4.1 At the end of its review, the Panel must make a report to the Commissioner setting out whether or not it supports the proposed precept for 2014-15. This report must be published.
- 4.2 The Panel could:
 - a) Support the proposed precept without qualification or comment.
 - b) Support the proposed precept, but express reservations clearly stating the reasons why and, if appropriate, make recommendations to the Commissioner for his consideration.
 - c) Agree not to support the precept and to set out the reasons why, but fall short of exercising the veto against it.
 - d) Veto the proposed precept, stating whether this is because it is:
 - too high (in which case the revised precept must be lower than the previously proposed precept)
 - too low (in which case the revised precept must be higher than the previously proposed precept).

Vetoing the proposed precept would require at least 8 members of the Panel to vote in favour.

5. Reviewing a revised precept

- 5.1 Should the Panel decide to veto the original precept proposal, it is suggested that the Panel should agree to meet at 10am on 13 February 2014 to review the revised precept proposal.
- 5.2 On receipt of a response from the Commissioner notifying the Panel of a revised precept proposal, the Panel must review the revised precept proposal and make a second report to the Commissioner by 22 February 2014. This report may:
 - a) Indicate whether the Panel accepts or rejects the revised precept (although rejection does not prevent the Commissioner from issuing the revised precept).
 - b) Make recommendations, including recommendations on the precept that should be issued.
- 5.3 If the Panel fails to make a second report to the Commissioner by 22 February 2014, the Commissioner may issue his revised precept.

6. Action

- 6.1 The Panel is recommended to:
 - 1) Note the Police and Crime Commissioner for Norfolk's proposed Revenue Budget and Capital Programme for 2014-15 and Medium-Term Financial Strategy 2014-15 to 2017-18.
 - 2) Decide whether or not it supports the Police and Crime Commissioner for Norfolk's proposed precept for 2014-15 and agree the content of the Panel's report which must be made to the Commissioner.
 - 3) Agree to meet at 10am on 13 February 2014 to review a revised precept proposal, should it decide to veto the precept proposal at today's meeting.

If you need this report in large print, audio, Braille, alternative format or in a different language please contact Jo Martin on 0344 800 8011 or 0344 800 8011 (Textphone) and we will do our best to help.

REPORT TO THE POLICE AND CRIME PANEL PROPOSED PRECEPT FOR 2014-15

Executive Summary:

This report outlines precept options for 2014-15 and the Revenue Budget and Capital Programme for 2014-15 and the Medium-term Financial Strategy 2014-15 to 2017-18. The report contains Appendices that provide more detailed information.

Appendix A Appendix B Appendix C	Analysis of changes to the 2013-14 base budget Proposed Capital Programme 2014-15 to 2017-18 Forecast movement in general balances and earmarked reserves 2014-15 to 2017-18
Appendix D	Prudential Code Indicators 2014-15, 2015-16, 2016-17
Appendix E	Annual Investment And Treasury Management Strategy 2014-15
Appendix F	Minimum Revenue Provision Statement 2014-15
Appendix G	Medium-Term Financial Plan Option 1
Appendix H	Medium-Term Financial Plan Option 2
Appendix I	Medium-Term Financial Plan Option 3
Appendix J	Precept Options 2014-15 as per Option 1
Appendix K	Precept Options 2014-15 as per Option 2
Appendix L	Precept Options 2014-15 as per Option 3

Decision:

It is recommended that the Police and Crime Panel:

- a) Notes the proposed Revenue Budget and Capital Programme for 2014-15, the medium term financial strategy 2014-15 to 2017-18 and the funding and financial strategies.
- Endorses the proposal of the Police and Crime Commissioner to increase the police and crime element of the council tax in 2014-15 by a maximum of 1.97% (£3.96 per annum) to £204.75 at Band D, subject to determination by the government of the referendum trigger.

1

Police and Crime Commissioner

Signature: Electronically signed

Date: 21 January 2014

PART 1 – NON-CONFIDENTIAL

1. OVERVIEW

- 1.1 The decision on the level of the precept/council tax and the Revenue Budget and Capital Programme needs to be made in the context of medium to longer term forecasts, particularly in the current uncertain global and national economic climate. Determination of the precept therefore needs to be seen, not as a one-off decision in relation to next year, but as part of a strategy in relation to policing and crime over the medium to long-term. The precept options and the budget proposals within this report are made within the context of a five year strategic and financial planning cycle, including the current year. The figures contained within the strategy are based upon current information and the stated assumptions.
- 1.2 An integrated approach is taken to service and financial planning. The proposals in this report are consistent with the manifesto commitments of the Norfolk Police and Crime Commissioner (PCC).
 - KEEPING Norfolk one of the lowest crime counties in the country
 - FIGHTING serious and organised crime
 - SUPPORTING victims of crime, vulnerable and elderly people
 - PROTECTING the frontline in the face of cuts
 - PROTECTING local policing from privatisation
 - USING targeting and prevention to reduce demand on police
 - WORKING with young people to stay clear of crime
 - LISTENING carefully to the community, reaching out to minority communities and the disengaged to ensure policing is fair and equitable
 - REJECTING party politics and work with other Independents to provide a national voice
 - USING Restorative Justice to achieve long-lasting solutions
- 1.3 The proposals are also consistent with the Police and Crime Plan for 2014-15 which is being prepared and overall strategic objectives of:
 - Reducing priority crime, anti-social behaviour and reoffending
 - Reducing vulnerability, promote equality and support victims
 - Reducing the need for service, through preventative and restorative approaches and more joined up working with partners; protecting the availability of front line resources
- 1.4 The constabulary faces considerable service pressures including significantly increased demand in the area of vulnerability in the wake of recently discovered and nationally well publicised abuse cases. The Chief Constable's advice to the PCC on how to meet this demand in this critical area is reflected in the spending assumptions within these plans.
- 1.5 In accordance with the requirements of the Police and Crime Panel (Precepts and Chief Constable Appointments) Regulations 2012, a precept is to be proposed for 2014-15. In doing so, advice from the Chief Constable has been considered alongside views from the community, key stakeholders and public sector bodies in the police, community safety and local criminal justice areas.

2. Overview of key financial issues

Provisional Grant Settlement

- 2.1 The provisional PCC grant settlement for 2014-15 was announced on 18 December 2013. The Home Office did not provide any information on individual PCC grants for 2015-16. The provisional grant settlement for 2014-15 will not be confirmed until February 2014. 2014-15 is the fourth and final year of the Spending Review Period 2011-12 to 2014-15.
- 2.2 Home Office Policing Grants are included within Spending Review. In June 2013 the Government announced the result of the 2015-16 Spending Review. This was for one year only, pending a general election in May 2015.

Grant damping and the Police Funding Formula

- 2.3 There were no changes to grant damping in 2014-15 and all PCCs core government funding has been subject to the same cash reduction of 4.8% in comparison with 2013-14.
- 2.4 However, the Home Office is committed to reviewing the Police Funding Formula, and as a result there could be changes to the grant damping mechanism. The Home Office is currently working on the basis that any changes would be implemented in 2016-17 at the earliest. Any change could have significant implications for police funding locally. This will be at a time when, it is clear from statements made by the Chancellor, that public expenditure will face considerable reductions until at least 2020. With all this uncertainty, a prudent and flexible approach to financial planning is essential and has been adopted.

Use of reserves

2.5 This report updates previous guidance issued at the PCC / Chief Constable Bilateral meeting held on the 6th September 2013 and the conclusion remains the same as in that report. The proposals in this report present a budget for 2014-15 that requires approximately £2.9m of support from the Budget Support Reserve if there was no precept rise in 2014-15, by £2.4m if the precept is increased by 1.97%, and by £3.4m if the precept is reduced by 1%. The ongoing use of this reserve over the medium term is a key factor within the overall financing of future budgets. Based on current assumptions, this will be of considerable assistance until 2017-18; thereafter there will be a need to deliver savings to replenish the reserve.

Savings

- 2.6 This report assumes that the remaining £2.053m of savings previously agreed for the current Spending Review period ending in 2014-15 will be fully delivered by early 2016-17. A significant level of savings has already been delivered (see section 3) but some will fall into 2016-17 due to the need to develop major systems and processes to deliver change and efficiencies.
- 2.7 Beyond this, the Chief Constable is developing plans to identify significant savings to address the impact of the Spending Review announcement in June 2013 that related to 2015-16 and the impact that this has up to 2017-18.

- 2.8 This report includes cumulative savings by 2017-18 of £3.7m that are identified and well developed in planning terms and have been discussed and agreed between the PCC and CC. This will still leave a deficit of between £16.7m and £20.5m by 2017-18 dependent on whether a precept is levied throughout the medium term (see Appendices G, H and I "Deficit after known savings" line).
- 2.9 In order to bridge this gap additional savings plans are being progressed. Appendices G, H and I show indicative cumulative savings figures of £7.6m for these additional savings plans. These plans need to be fully developed and agreed between PCC and CC, and with counterparts in Suffolk where these plans affect joint areas of the collaboration.

Uncertainty over the medium-term

- 2.10 There is considerable uncertainty over future levels of government grant. The Autumn Statement of 2013 stated there would be further reductions to overall Home Office grant in 2015-16. The implications for police funding are unknown and all forecasts for 2015-16 onwards show considerable reductions in public expenditure.
- 2.11 The Chief Constable already faces a very considerable challenge to meet the budget reductions as shown in this report, but these will be further compounded by additional grant reductions beyond 2017-18.
- 2.12 It is also important to note that if the main Home Office grant to the police is further reduced by 0.5% beyond current planning assumptions this will reduce funding by £0.435m per annum. A sensitivity analysis showing the impact of changes to the main planning factors is included in this report at paragraph 7.6.
- 2.13 On current grant and inflationary assumptions, there is the potential that there will be a real terms reduction in budgets of up to 13% by the end of 2017-18 when compared to 2013-14. Even if the precept was increased by 2% each year during the medium term, the real terms reduction is still 10%.
- 2.14 For the reasons outlined above there will be serious and significant implications for policing. It is essential that the financial strategy remains fluid and is kept under continual review.
- 2.15 During the coming year, there will be reviews of future funding, planning assumptions and service prospects undertaken in consultation with the Chief Constable. With the extensive collaboration arrangements with Suffolk, this will be undertaken with the Suffolk PCC and Chief Constable.

3. Collaboration and The Challenge Programme

3.1 Norfolk and Suffolk continue with the strategy of collaboration that is recognised by HMIC as an "exemplar" partnership, and one of the most advanced in the country. Most operational areas, except for local policing, have become joint departments, as have most of the back office functions. This means that the financial decisions of both counties are inextricably linked.

- 3.2 The Chief Constable has a number of work-streams that sit under an overarching and well established Challenge Programme. The original part of the programme was developed to address the savings requirement arising from the four year Comprehensive Spending Review (CSR1) that covered the period to 2014-15.
- 3.3 The programme has 5 principal work streams, the first three of which are in collaboration with Suffolk:
 - Business Support Review to create joint back office functions such as HR, Finance and ICT.
 - Operational Collaboration including establishing shared criminal justice, custody and custody investigation units under a Justice Services Command.
 - Protective Services Collaboration joining protective services functions to establish a joint Protective Services Department.
 - Norfolk Change Initiatives reviewing efficiencies that could be achieved on non-collaborated aspects of the constabulary.
 - Other regional initiatives including eastern region initiatives for Serious and Organised Crime.
- 3.4 Currently, the forecast is that the savings from the original programme will be fully realised by the end of 2016-17. The majority of the final element of savings will be delivered through the implementation of new software systems to deliver the change. The programme and associated risks are under constant monitoring.
- 3.5 The table below shows the significant progress that has been made in implementing the original CSR1 element of the Challenge Programme. In total, some £12.7m of savings are anticipated from the programme specific to Norfolk, of which some £10.7m has already been taken into account in previous budgets. The remaining balance of savings of £2.05m for 2014-15, 2015-16 and 2016-17 have been included within the assumptions in this report.

	2009/10 to 2013/14	2014/15	2015/16	2016/17	Total
	£000	£000	£000	£000	£000
Business Support Review	4,976	667	215	742	6,600
Protective Services	3,019	124		-	3,143
Operational Collaboration	438	195	12	35	680
Norfolk-only	2,164	62			2,226
Regional	87				87
Total	10,684	1,048	227	777	12,736

3.6 In June 2013 the Comprehensive Spending Review (CSR2) was outlined by the Chancellor. This covered the period of 2015-16, and the impact of this announcement, including a reduction in the level of grant from the Home Office, is reflected in the figures in this report up to 2017-18.

- 3.7 During the budget setting process within the constabulary an additional £1.540m of savings has been identified to be removed from budgets in 2014-15, and this contributes to bridging the gap created by CSR2.
- 3.8 After the £1.540m savings have been set against the medium-term financial plan (see Appendices G, H and I) the "Deficit after known savings" ranges between £16.7m and £20.5m by 2017-18 depending on the precept strategy.
- 3.9 In order to address a significant part of this projected deficit, new projects for the Challenge Programme are being developed to address the CSR2 targets. Most of the work involves continuing to develop the collaborative arrangements with Suffolk as set out on the previous page, although there remain some Norfolk-only initiatives.

These projects covering the entirety of the organisation include:

- A review of the Norfolk policing model including cross-border working with Suffolk, and a review of customer access arrangements.
- A further review of Protective Services including greater collaboration with the eastern region on serious and organised crime.
- The development of options around Control Room arrangements
- The development of a Shared Services Partnership for back-office functions including Finance, HR and ICT.
- A review of arrangements around Operational Business Support across both counties.
- A zero based budget review of constabulary services to be developed during 2014-15.
- 3.10 Currently, these projects are estimated to deliver approximately £7.6m of additional savings over the medium-term financial planning period and thus reducing the forecast 2017-18 deficit to £9.0m and £12.9m dependant on the precept strategy.
- 3.11 However, these projects require more detailed work, and therefore the figures outlined contain more risk than the other savings figures. There will be continued consultation between the PCCs and Chief Constables of both counties as the detailed business cases are developed in relation to these projects.
- 3.12 All collaborative initiatives are being co-ordinated and overseen by a Programme Management Office working within the joint Strategic Change Department and led by an Assistant Chief Constable.

2014-15 REVENUE BUDGET

4. Budget process and consultation

- 4.1 A joint financial planning process has been on-going over recent months in accordance with a timetable previously agreed by the Norfolk and Suffolk Chief Constables and the Norfolk and Suffolk Offices of the PCC.
- 4.2 Chief Officers met with senior managers and reviewed and challenged progress on savings targets, and pressures for 2014-15 and beyond. The process concluded with Joint Norfolk and Suffolk Chief Officer meetings that agreed joint budgets, costs and savings to be included in spending plans.
- 4.3 Section 134 of the Local Government Act, requires consultation with business rate payers and there is also a general responsibility to consult with the public. Two open public consultation meetings were held in King's Lynn, and County Hall, Norwich on 9th January 2014. At both meetings there was support for the PCC and the Chief Constable and a clear majority in favour of a council tax increase of 2%.
- 4.4 The Office of the Police and Crime Commissioner has also been running an online poll seeking residents views on the levels of council tax for next year. A majority (~52%) are in favour of a 2% increase.

5. Home Office Grant 2014-15

5.1 There have been a number of changes to Government funding for 2014-15.

	2013-14 £m	2014-15 £m	Reduction %
Home Office Core Grant / Community Safety Grant DCLG funding	56.524 31.389	53.799 29.924	4.8% 4.7%
Total General Grant Allocation	87.913	83.723	4.8%

- 5.2 In 2013-14 a Community Safety Grant (CSG) of £0.7m was received from the Home Office. This grant and a further £0.4m (total £1.1m) is being used by the PCC to provide grants and commissioning support to encourage partnership outcomes across a wide range of community safety and crime and disorder reduction activities. In 2014-15 this separate grant has been discontinued but the PCC has again budgeted to spend £1.1m in 2014-15. More information on allocations is currently being communicated to partners and details will be included in the Police and Crime Plan 2014-15.
- 5.3 In addition to the overall grant figures at paragraph 5.1, a Council Tax Freeze Grant of £1.4m will also be received. This relates to the decision of the previous Police Authority to freeze the Council Tax in 2011-12. The Council Tax Freeze Grant will be received in 2014-15 and was extended to 2015-16 in the June 2013 CSR announcement.

- 5.4 From April 2013 the Government made significant changes to Council Tax Benefit arrangements. These changes impacted on all local authorities as well as PCCs.
- 5.5 As a result of these changes the PCCs receive a Council Tax Benefit Grant paid to all billing and precepting authorities. The Norfolk PCC will receive £7.877m.
- 5.6 The Home Office grant for 2014-15 for Norfolk has been topsliced by approximately £1.3m. The Government has taken this step to create £50m for the national Police Innovation Fund, £18m to make changes to improve the capability of the Independent Police Complaints Commission (IPCC), and set aside additional monies for Her Majesty's Inspectorate of Constabulary (£9m) and the College of Policing (£3m).
- 5.7 Norfolk and Suffolk PCCs and constabularies have submitted bids for grants from the Innovation Fund against a variety of criteria that will promote collaboration with other forces and partner agencies, and improve their use of digital working and technology.
- 5.8 In respect of the IPCC top-slicing, it should be noted that the Home Office is not assuming that Professional Standards Departments within forces will be reduced despite the transfer of the grant to the Home Office.

6. Council Tax Income

- 6.1 District Councils calculate council tax income each year using the estimated number of dwellings and collection rates. The changes to Council Tax benefit have added considerable complexity to these calculations. Variations between actual and estimated income are reflected in the District Council collection fund. A surplus or deficit on the collection fund is allocated between the District Council, the County Council and the PCC in proportion to their share of the overall council tax income. In recent years there has tended to be an overall surplus on the collection fund.
- 6.2 The Council Tax base figures which have been provided by the District Councils are provisional at this stage. The final figures, which are then notified to the Government, will not be available until the end of January 2014.
- 6.3 The Government has announced a council tax freeze scheme for 2014-15. If the precept is frozen at the same level as 2013-14, this would provide a Government grant of approximately £0.526m for 2014-15 and again in 2015-16.
- 6.4 Within the overall budget, over 80% relates to costs including salaries which need to be met on a recurring basis. If the Council Tax Freeze Grant is accepted, this would mean that recurring costs would be funded by a grant which would end after 2 years, and at a time when Government grant will be significantly reduced. The level of the precept is a matter for the PCC to determine in consultation with the PCP.
- 6.5 When the provisional settlement for 2014-15 was announced the government gave a provisional indication of the threshold (2%) for precept increase that would trigger a referendum. More recently the Secretary of State for Communities and Local Government has suggested it should be lower than 2% and that all authorities (including PCCs) should accept the offered 2014-15 Council Tax

Freeze Grant. The best information is that the limit will be set at somewhere between 1% and 2% and that the final announcement will be made with the final settlement (around 3 February). This is **after** the date by which the PCC is required to submit his proposed budget and precept to the Panel (1 February). If the PCC was to breach the limit a referendum would be required and this would be held on the 22 May 2014 with European Parliamentary Elections. Although the referendum costs would be lower there would be considerable uncertainty about the outcome with the potential for all District Councils having to re-bill if the proposed increase in precept was rejected. As all the costs involved would need to be fully funded by the PCC, he has no intention of triggering a referendum.

7. **Financial Planning Assumptions**

- 7.1 A significant budget pressure has been included in respect of revised state pension arrangements. A Pensions Bill was published in January 2013, which outlined the Government's intention to a reformed State Pension of £144 per week from April 2017. In June 2013, the Government announced that the implementation date was being brought forward to April 2016. This change is to be financed by ending contracted out National Insurance contributions for employers and employees. This will have implications for both the OPCC and Constabulary budgets.
- 7.2 The cost is estimated to be £2m and has been included in the forecast in Appendices G, H and I from 2016-17 onwards.
- 7.3 The government has indicated that the council tax freeze grants that have been paid to PCCs for freezing council tax in previous years will become part of the main Home Office grant baseline. This has been reflected in the figures in this report. However, this approach may require the government to increase the level of grant reductions in future years to fund this.
- 7.4 In addition, the following financial planning assumptions have been used.

	2014-15	2015-16	2016-17	2017-18
Government grant *	-4.8%	-4%	-4%	-4%
Council tax base change	1.6%	0%	0%	0%
Collection fund surplus	£430k	£150k	£150k	£150k
Pay awards - officers	1%	1%	1%	1%
Pay awards - staff	1%	1%	1%	1%
Non-pay inflation (average)	2%	2%	2%	2%
Borrowing (long term)	5%	5%	5%	5%
Investments	0.6%	0.9%	0.9%	0.9%
* to be reviewed later in the year following Home Office decision on 2015-16 reductions.				

- 7.5 It should be noted that inflationary pressures could change over the period of the medium-term and the impact of these changes can be seen in the sensitivity analysis below.
- 7.6 The following table identifies potential changes to the annual budget (up or down) if the planning assumptions are changed.

	Variation	Variation £000
Government grant	1.0%	870
Tax base increase	0.5%	250
Collection fund surplus	£100k	100
Precept	1.0%	520
Pay awards – officers (full year impact)	1.0%	820
Pay awards – staff (full year impact)	1.0%	420
Non-pay inflation	1.0%	280
Cash Investments	1.0%	280

7.7 All the financial planning assumptions will be kept under review.

8. Council Tax Options

- 8.1 The Chief Constable has been consulted on possible precept options for 2014-15 and has considered these options in the context of the increasing demand pressures faced by the police, as well as the financial pressures outlined in this report.
- 8.2 In Norfolk, even though traditional types of crime have been falling, there have been significant increases in serious sexual offences, domestic abuse, child sexual exploitation, adult abuse, and internet related crime. The Chief Constable does not anticipate the demands in these areas to fall over the medium-term.
- 8.3 In the Spring of 2014 the Chief Constable will present a series of detailed proposals on policing over the medium-term to the PCC. These plans will look to address the increasing demands described above, while also delivering the savings plans as outlined in section 3.
- 8.4 Appendices G, H and I shows the financial impact of 3 options for the PCC precept. These options show the range of the possible funding gap by 2017-18:
 - Option 1 0% increase in precept over the life of the medium-term plan, and accept the Council Tax Freeze Grant for 2014-15 and 2015-16. It is assumed there will be no similar grants available beyond 2015-16.
 - Option 2 1.9722% increase in Council Tax in 2014-15, and up to 2% in each year of the remainder of the medium-term plan.
 - Option 3 Minus 1% precept in 2014-15 and accept the Council Tax Freeze Grant for 2014-15 and 2015-16. It is assumed there will be no similar grants available beyond 2015-16.
- 8.5 Option 2 would still mean the PCC would face a budget deficit of £9m by 2017-18 with further reductions in future years. However, if option 1 or 3 was chosen the budget deficit would be even higher, at £12.3m or £12.9m respectively, with serious consequences for policing and community safety in Norfolk.

- 8.6 It should also be noted that under option 1 or 3 additional cuts of between £5.2m and £7.4m would be required in 2017-18 to prevent the Budget Support Reserve from running out (see Appendices C, G, H and I).
- 8.7 The Constabulary has seen substantial increases in investigative and safeguarding demands placed upon its vulnerability and partnerships command area in the last two years. These have been driven by high profile national events, such as the Savile revelations, inspectorate reports and child sexual exploitation cases. The additional work and complexity in these areas has led the Chief Constable to determine that substantial additional resources are needed to effectively manage the increased demands in this high risk area.
- 8.8 Given the pressures outlined, and the context of the medium-term financial picture, the Chief Constable recommends that the PCC raises the precept by 1.97% in 2014-15.
- 8.9 Having considered the advice of the Chief Constable, advisers, community views and the overall financial situation for the medium to long-term, but SUBJECT TO the final announcement on the referendum trigger, a council tax increase of 1.9722% is proposed for 2014-15.

CAPITAL PROGRAMME

9. Outline

- 9.1 The Capital Programme plays an integral part in delivering the infrastructure that enables the Chief Constable to maintain and improve operational performance. The revenue consequences of the Capital Programme have been taken fully into account wherever they are known and assessed.
- 9.2 Appendix B provides an analysis of the outline Capital Programme over the medium term. The table below summarises these spending plans.

	2014-15 £000	2015-16 £000	2016-17 £000	2017-18 £000
ICT Replacement	1,846	1,000	1,155	795
Other ICT Related Projects				
and Schemes	318	85	0	0
Vehicles and Equipment	1,560	1,411	1,422	1,270
Building Schemes	1,026	6,266	4,150	500
Total	4,750	8,762	6,727	2,565

- Total Programme for 2014-15 includes anticipated slippage from 2013/14
- NB Individual projects will require project appraisals to be undertaken considering the impact on future revenue budgets and other factors.
- 9.3 The programme identifies those schemes which are joint projects with Suffolk. Where applicable, the figures shown relate to the Norfolk share of the overall cost, calculated in proportion to net revenue budget.
- 9.4 Key aspects of the programme are outlined below.

10. Other ICT Related Projects and Schemes

- 10.1 This section contains some one off expenditure for specific items, including some significant collaborative arrangements designed to deliver future efficiencies including:
 - Replacement of Back Office System (ERP) A contract has now been signed for the implementation of an Enterprise Resource Planning system for Norfolk and Suffolk (covering Finance, Payroll, Procurement, Duties Management, HR and Learning and Development). This includes the Norfolk share of indicative spending in the year of £1m.

11. Vehicles and Equipment

- 11.1 This section includes;
 - Vehicle and body armour within the Norfolk replacement programme
 - New joint arrangements for a Police Support Unit training facility and print room designed to deliver future efficiencies.

12. Building Schemes

- 12.1 The police estate still has buildings which need to be adapted to meet future policing requirements, including the former headquarters buildings in Norwich, King's Lynn and Great Yarmouth. Allied to this, discussions are ongoing with partners around sharing of premises and potential accommodation requirements on the border of Norfolk and Suffolk.
- 12.2 Due to this uncertainty, there is slippage of £1.026m from 2013-14 into 2014-15. A building replacement programme has now been included over the next 3 years in respect of the Long Term Estates Strategy.

13. Capital Financing

13.1 The following financing sources have been identified for the outline capital programme. These will be updated wherever there are changes to the programme.

	2014-15	2015-16	2016-17	2017-18
	£000	£000	£000	£000
Capital Receipts Capital Grant Specific Grants	752 1,300	330 1,300	1,200 1,300	500 1,300
Borrowing	2,648	7,082	4,177	715
Revenue Contribution	50	50	50	50
То	tal 4,750	8,762	6,727	2,565

- 13.2 A capital grant is received from the Home Office. This totals £1.3m for 2014-15. No information is available from the Home office on future levels of capital grant.
- 13.3 Since 2009-10 interest rates for borrowing have been higher than the rates obtainable for the investment of funds. Consequently, since that time the agreed Treasury Management Strategy has been to borrow funds internally in the first instance from cash that would otherwise have been invested. The cash flow position suggests that borrowing relating to 2014-15 can also be covered internally in the first instance. Therefore, no additional borrowing costs have been built into the revenue budget next year. However, the situation will be monitored during the year in order to identify the most advantageous policy.

14. Compliance with the Prudential Code

- 14.1 The level of borrowing for the Capital Programme needs to be based on capital investment plans that are affordable, prudent and sustainable. Treasury management decisions need to be taken in accordance with best professional practice outlined in a Prudential Code published by CIPFA.
- 14.2 To demonstrate that objectives of affordability, prudence and sustainability have been achieved, the Prudential Code requires Prudential Indicators to be determined by the PCC. These are designed to support and record local decision making and for comparison over time. They are not designed to be comparative performance indicators. Details of the proposed indicators for 2014-15 are provided in Appendix D. For illustrative purposes the indicators are based on a Council Tax increase in 2014-15 of 1.97%. If other options are chosen, this will not make any material difference to the figures. Progress against the indicators will be monitored throughout the year.
- 14.3 A number of treasury management indicators were formerly reported as part of the suite of Prudential Indicators. The latest Code of Practice for Treasury Management recommends that these now form part of the Treasury Management Strategy. Accordingly, they are now incorporated in this Strategy, at Appendix E.

RESERVES AND RISK MANAGEMENT

15. Background

- 15.1 The PCC's reserves comprise two main categories:
 - General Reserve held to enable the PCC to manage unplanned or unforeseen events. In forming a view on the level of the General Reserve, account is taken of the level of financial control, comparisons with similar bodies and the risk of unforeseen expenditure occurring, such as for major operations.
 - Earmarked Reserves These are reserves held for a specific purpose.
- 15.2 The PCC complies with the definition of reserves contained within CIPFA's Accounting Code of Practice.
- 15.3 General and earmarked reserves play a vital role in the financial management and financial standing of the PCC. The current policy of the PCC is to maintain the general reserve at around 3% of net revenue expenditure. This strategy maintains that position.
- 15.4 Through sound financial management the PCC has set aside earmarked reserves to meet future spending needs. Two in particular are critical to the financial strategy in this report, namely the Budget Support Reserve and the Invest to Save Reserve.

16. Budget Support Reserve

16.1 The Budget Support Reserve is designed to support the budget over the medium term in order to help offset the effects of significant future budget reductions. The use of the reserve has been modelled when considering the precept options. The Reserve will be fully used by 2017-18 under each of the options.

17. Invest-to-Save Reserve

17.1 The Invest to Save Reserve provides funding for one off costs associated with restructuring and similar expenditure. Examples include funding of redundancies from the savings programmes, and support of a number of temporary posts for the collaboration agenda. There could be a balance remaining on the reserve by the end of 2017-18. Whether this would continue to be held or used to fund the overall budget will be reviewed.

18. Forecast Use of Reserves

18.1 A forecast for the use of the reserves is shown in Appendix C.

19. Earmarked reserves

19.1 A description of each of the PCC's earmarked reserves is set out below. Each the reserve is periodically reviewed to ensure that the level of funding is still appropriate for the purpose of the reserve.

- Insurance Allows for anticipated future claims beyond the provision included in the budget. The level of reserve is reviewed by independent actuarial advisers.
- Operational Used to support the cost of major operations where they exceed the budget provision.
- OCC Unitary Charge The reserve represents the excess of PFI government grant over and above the unitary charge for the OCC building at Wymondham during the early years of the contract. The reserve will be written off over the remaining life of the contract.
- PIC Unitary Charge The reserve represents the excess of PFI government grant over and above the unitary charge for the Police Investigation Centres during the first year of the contract. The reserve will be written off over the remaining life of the contract.
- Budget Support Used to support the budget over the medium term to help offset significant budget reductions.
- Invest to Save Used to support one off investment on organisational change and projects that will generate future savings and benefits.
- Job Evaluation Allows for potential costs arising from the job evaluation review.

SECTION 25 RESPONSIBILITIES

20. Background

20.1 Section 25 of Part II of the Local Government Act 2003 places responsibility on the PCC Chief Finance Officer (CFO) to report on the robustness of the budget estimates, the adequacy of balances and reserves and issues of risk. The PCC CFO confirms that he can provide all the required statutory assurances.

21. Robustness of the Budget

- 21.1 The budget proposals have been through a rigorous process of assessment by officers, with particular scrutiny by Constabulary executive officers, both individually and as a group.
- 21.2 Whilst there are always risks on delivering savings, controls will be maintained on overall numbers of officers and staff meaning that spending levels will be contained overall. Identified savings will be removed from budgets prior to allocation at the start of the financial year.
- 21.3 The purpose and proposed use of reserves is outlined in this report. The PCC

CFO has considered the proposed level of reserves and believes that they are adequate for the purposes for which they were intended.

22. Risk and the Budget

- 22.1 Risk management is a key consideration for the PCC and the Chief Constable. There is an overall risk management strategy. Risk management is embedded throughout and is an integral part of the decision making process. Local risk registers are in use throughout the Constabulary and significant risks are reported to the corporate level.
- 22.2 The Chief Constable's corporate risk register is updated on an ongoing basis and presented for review to the Command Team on a regular basis. A dedicated risk manager is in place to support the process. This Chief Constable corporate risk register is combined with the PCC risk register to facilitate an overall approach to risk management.
- 22.3 The main risks that may impact upon the delivery of the 2014-15 budget and Capital Programme are:
 - Exceptional demands placed upon the service, particularly in relation to major incidents
 - Requirements of new legislation or government directives
 - Achieving the required outcomes from collaboration with other forces
 - Delivering the planned level of savings
 - Maintaining an acceptable level of performance with a shrinking resource base
- 22.4 To manage these risks it is essential that there is a robust monitoring procedure, and action is taken to offset the risks with continual review processes.

23. Efficiency

23.1 Implicit throughout all financial planning is the need to deliver efficiency and value for money (VFM) including partnership arrangements. There is a strong VFM focus through representation on a national high level working group and an internal working group which reviews a VFM strategy and HMIC profiles.

24. Treasury Management Strategy

24.1 Government regulations require the PCC to approve an annual investment strategy prior to the start of the financial year. This is incorporated within an overarching treasury management strategy. The proposed strategy is shown in Appendix E.

25. Minimum Revenue Provision Statement

25.1 The Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2008 place a duty on local authorities including the PCC to make a Minimum Revenue Provision (MRP) each year that is considered to be "prudent". The regulations are backed up by statutory guidance to which local authorities and PCC are required to have regard. The guidance requires that an annual MRP statement is agreed. The statement for 2013-14 at Appendix F accords with this guidance.

CONCLUSION

- 26.1 This report outlines the proposed precept and the medium term financial strategy for the period 2014-15 to 2017-18. The level of policing that can be provided in future years faces considerable challenge and much uncertainty. Prudent and flexible financial planning is essential and must be kept under review.
- 26.2 The level of the Budget Support Reserve and its assistance in funding the budget in future years is a key factor in overall planning. On current projections, this Reserve will not be available from 2017-18 necessitating that it is replaced by recurring savings or budget reductions. On current projections there could be a funding gap of up to £12.3m from 2017-18 if a strategy of 0% precept was adopted. Even with different planning assumptions, although the total level of the gap would change, there will still be a very significant funding gap to face. Policing faces a very significant and serious challenge.

OTHER IMPLICATIONS

The allocation of resources in accordance with the annual budget has impact implications for all areas of business. All of these are referred to in the report except diversity and sustainability. There are no specific diversity impacts. The budget reflects potential reductions in the use of natural resources. All significant projects, business cases and policy decisions are required to be reviewed for sustainability implications.

Prudential Code Indicators 2014/15, 2015/16, 2016/17

1. Background

- 1.1 The Prudential Code for capital investment came into effect on 1st April 2004. It replaced the complex regulatory framework, which only allowed borrowing if specific government authorisation had been received. The Prudential system is one based on self-regulation. All borrowing undertaken is self-determined under the prudential code.
- 1.2 Under Prudential arrangements the PCC can determine the borrowing limit for capital expenditure. The Government does retain reserve powers to restrict borrowing if that is required for national economic reasons.
- 1.3 The key objectives of the Code are to ensure, within a clear framework, that capital investment plans are affordable, prudent and sustainable. The Code specifies indicators that must be used and factors that must be taken into account. The Code requires the PCC to set and monitor performance on:
 - capital expenditure
 - affordability
 - external debt
 - treasury management (now included within Treasury Management strategy)
- 1.4 The required indicators are:
 - Capital Expenditure Payment Forecast
 - Ratio of Capital Financing costs to Net Revenue Budget
 - Capital Financing Requirement
 - Net Borrowing for Capital Purposes
 - Authorised Limit for External Debt
 - Operational Boundary Limit for External Debt
 - Incremental Impact of Capital Programme on Band D Council Tax
- 1.5 Once determined, the indicators can be changed so long as this is reported to the PCC.
- 1.6 Actual performance against indicators will be monitored throughout the year. All the indicators will be reviewed and updated annually.
- 1.7 Attached is a diagrammatic view of the indicators, setting out the relationship between indicators and their bases of calculation. The diagram shows for example, that the decision to finance capital expenditure from borrowing will increase outstanding debt on the balance sheet; which in turn results in interest payable on borrowing. Interest payable on borrowing is then compared with the net revenue budget to calculate the ratio of capital financing costs to net revenue budget indicator. Interest payable is also used to calculate the incremental impact on Band D Council Tax.

2. The Indicators

2.1 The **Capital Expenditure Payment Forecast** is detailed in Appendix B. The total estimated payments are:

	2014/15	2015/16	2016/17
	£m	£m	£m
Capital Expenditure Forecast	4.750	8.762	6.727

The PCC is being asked for approval to an overall Capital Programme based on the level of capital financing costs contained within the draft revenue budget.

2.2 The **ratio of capital financing costs to net revenue budget** shows the estimated annual revenue costs of borrowing (net interest payable on debt and the minimum revenue provision for repaying the debt), as a proportion of annual income from council taxpayers and government. Estimates of the ratio of capital financing costs to net revenue budget for future years are:

Ratio of Capital Financing Costs to Net Revenue Budget

2014/15	2015/16	2016/17
Estimate	Estimate	Estimate
1.53%	1.92%	2.21%

The ratios increase over the period as new capital borrowing increases the level of outstanding debt.

2.3 The **capital financing requirement** represents capital expenditure financed by external debt and not by capital receipts, revenue contributions, capital grants or other sources of external funding. Estimates of the end of year capital financing requirement for future years are:

Capital Financing Requirement

31/03/14 Estimate	31/03/15 Estimate	31/03/16 Estimate	31/03/17 Estimate
£m	£m	£m	£m
90.321	91.079	95.721	97.051

The capital financing requirement measures the underlying need to borrow for a capital purpose.

2.4 The guidance on **net borrowing for capital purposes** advises that:

"In order to ensure that over the medium term net borrowing will only be for a capital purpose, the PCC should ensure that net external borrowing does not, except in the short term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years."

Net borrowing refers to the PCC's total external borrowing net of any temporary cash investments and must work within this requirement.

2.5 The Code defines the **authorised limit for external debt** as the sum of external borrowing and any other financing long-term liabilities e.g. finance leases. It is recommended that the PCC approve the 2014/2015 and future years limits.

For 2014-2015 this will be the statutory limit determined under section 3(1) of the Local Government Act 2003.

As required by the Code, the PCC is asked to delegate authority to the Chief Finance Officer (OPCCN), within the total limit for any individual year, to effect movement between the separate limits for borrowing and other long term liabilities. Any such changes made will be reported to the PCC.

	2014/15 £m	2015/16 £m	2016/17 £m
Borrowing	13.161	13.161	16.111
Other long term liabilities (OCC PFI)	26.851	26.552	26.217
Other long term liabilities (PIC PFI)	37.520	37.011	36.463
Safety net	7.427	7.371	7.515
Total	84.959	84.095	86.306

Authorised Limit for External Debt

These proposed limits are consistent with the Capital Programme. They provide headroom to allow for operational management, for example unusual cash movements.

- 2.6 The Code also requires the PCC to approve an **operational boundary limit for external debt** for the same time period. The proposed operational boundary for external debt is the same calculation as the external debt limit without the additional headroom. The operational boundary represents a key management tool for in year monitoring.
- 2.7 Within the operational boundary, figures for borrowing and other long-term liabilities are separately identified again. The PCC is asked to delegate authority to the Chief Finance Officer (OPCCN), within the total operational boundary for any individual year, to make any required changes between the separately agreed figures for borrowing and other long-term liabilities. Any changes will be reported to the PCC.

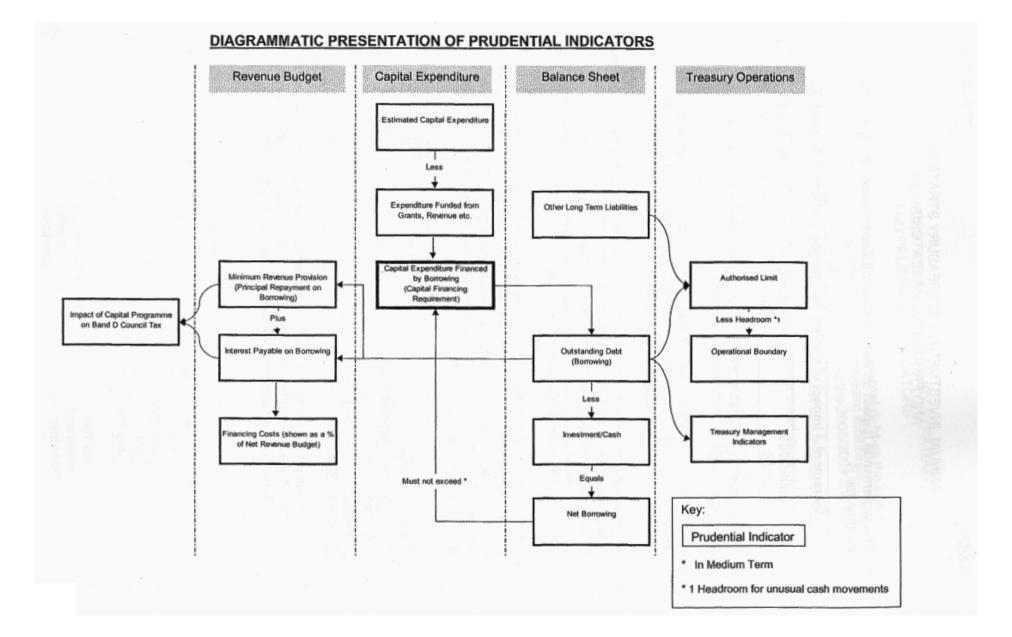

Operational Boundary Limit for External Debt

	2014/15 £m	2015/16 £m	2016/17 £m
Borrowing	13.161	13.161	16.111
Other long term liabilities (OCC PFI)	26.851	26.552	26.217
Other long term liabilities (PIC PFI)	37.520	37.011	36.463
Total	77.532	76.724	78.791

2.8 The **incremental impact on Band D Council Tax** resulting from the Capital Programme is:

2014/15	2015/16	2016/17
£0.53	£0.93	£0.69

This reflects the cumulative impact of funding new capital schemes and associated capital commitments each year.

ANNUAL INVESTMENT AND TREASURY MANAGEMENT STRATEGY 2014-15

1. INTRODUCTION

- 1.1 The Chartered Institute of Public Finance and Accountancy's (CIPFA's) Code of Practice for Treasury Management in the Public Services (the Code) requires local authorities to produce a treasury management strategy for the year ahead. The PCC is required to comply with the Code through Regulations issued under the Local Government Act 2003.
- 1.2 CIPFA's latest version of the Code was released in November 2011. The OPCCN has adopted specific clauses and policy statements from the Code as part of its Financial Regulations.
- 1.3 Complementary to the CIPFA Code is the Communities and Local Government's (CLG's) Investment Guidance, which requires local authorities and PCCs to produce an Annual Investment Strategy. This report combines the reporting requirements of both the CIPFA Code and CLG's Investment Guidance.
- 1.4 The primary objectives of the PCC's Investment Strategy are to safeguard the timely repayment of principal and interest, ensuring adequate liquidity and generating investment yield. The current economic and financial environment remains challenging. Interest rates remain at historic lows and concerns over the security of some financial institutions continue. The primary objectives of the PCC's Investment Strategy are to safeguard the timely repayment of principal and interest, whilst ensuring adequate liquidity for cash flow and the generation of investment yield. A flexible approach to borrowing for capital purposes will be maintained which avoids the 'cost of carrying debt' in the short term. This strategy is prudent while investment returns are low and counterparty risk (the other party involved in a financial transaction, typically a bank or building society) remains relatively high

2. THE TREASURY MANAGEMENT FUNCTION

- 2.1 The CIPFA Code defines treasury management activities as "the management of the PCC's cash flows, its banking, money market and capital market transactions; the effective management of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."
- 2.2 The PCC is required to operate a balanced budget, which means that cash raised during the year must meet its cash expenditure. Treasury management operations ensure this cash flow is adequately planned, with cash being available when it is needed. Surplus money is invested in low risk counterparties, providing adequate liquidity before considering investment return.
- 2.3 A further function of the treasury management service is to provide for the borrowing requirement of the PCC, essentially the longer term cash flow planning to ensure the PCC can meet capital spending obligations. This management of longer term cash may involve arranging long or short term loans, or using internal cash balances on a

temporary basis. Debt previously drawn down may be restructured to meet the PCC's risk or cost objectives.

- 2.4 The PCC has delegated responsibility for treasury management decisions taken within the approved strategy to the PCC CFO. Day to day execution and administration of investment and borrowing decisions is undertaken by Norfolk County Council through contractual arrangements. Day to day cash flow operations are managed by the Constabulary.
- 2.5 External treasury management consultancy services are provided by Capita Asset Services (formally known as Sector), providing a range of services which include:
 - Technical support on treasury matters and capital finance issues.
 - Economic and interest rate analysis.
 - Debt services which includes advice on the timing of long term borrowing.
 - Debt rescheduling advice surrounding the existing portfolio.
 - Generic investment advice on interest rates, timing and investment instruments.
 - Credit ratings/market information service for the three main credit rating agencies (Fitch, Moody's and Standard & Poors).
- 2.6 Whilst Capita Asset Services and the County Council provide support to the treasury function, under current market rules and the CIPFA Code of Practice the final decision on treasury matters remains with the PCC.
- 2.7 Performance will continue to be monitored and reported to the PCC as part of the budget monitoring report.

3. CAPITA ASSET SERVICES ECONOMIC OVERVIEW

Economic Overview

- 3.1 Until 2013, the economic recovery in the UK since 2008 had been the worst and slowest recovery in recent history. However, growth rebounded in quarter 1 and 2 of 2013 to surpass all expectations. Growth prospects remain strong looking forward, not only in the UK economy as a whole, but in all three main sectors, services, manufacturing and construction. However, growth is at a lower level than in previous recoveries and there is concern as to how robust it is. One downside is that wage inflation continues to remain significantly below CPI inflation so disposable income and living standards are under pressure, although income tax cuts have improved this to some extent.
- 3.2 A rebalancing of the economy towards exports has started but as 40% of UK exports go to the Eurozone, the difficulties in this area are likely to continue to dampen UK growth. The US, the main world economy, faces similar debt problems to the UK, but thanks to reasonable growth, cuts in government expenditure and tax rises, the annual Government deficit has been halved from its peak without appearing to do too much damage to growth.

Capita Asset Services forward view

3.3 The current economic outlook and structure of market interest rates and government debt yields have several key treasury mangement implications:

- Although Eurozone concerns have subsided in 2013, Eurozone sovereign debt difficulties have not gone away and there are major concerns as to how these will be managed over the next few years as levels of Government debt, in some countries, continue to rise to levels that compound already existing concerns. Counterparty risks therefore remain elevated. This continues to suggest the use of higher quality counterparties for shorter time periods;
- Investment returns are likely to remain relatively low during 2014/15 and beyond;
- Borrowing interest rates have risen during 2013 and are on a rising trend. The policy of avoiding new borrowing by running down spare cash balances has served well over the last few years. However, as borrowing rates rise, the policy of internal borrowing needs to be carfully monitored in order to avoid incurring higher borrowing costs in future.
- 3.4 The following table gives Capita Asset Services view of UK Base Rate and Public Works Loan Board (PWLB) borrowing rates:

Quarter	Base	PWLB	Borrowing	Rates (%)
Ending	Rate (%)	5 year	25 year	50 year
Dec 2013	0.50	2.50	4.40	4.40
Mar 2014	0.50	2.50	4.40	4.40
June 2014	0.50	2.60	4.40	4.40
Sept 2014	0.50	2.70	4.50	4.50
Dec 2014	0.50	2.70	4.50	4.60
Mar 2015	0.50	2.80	4.60	4.70
June 2015	0.50	2.80	4.70	4.80
Sept 2015	0.50	2.90	4.80	4.90
Dec 2015	0.50	3.00	4.90	5.00
Mar 2016	0.50	3.20	5.00	5.10
June 2016	0.75	3.30	5.10	5.20
Sep 2016	1.00	3.50	5.10	5.20
Dec 2016	1.00	3.60	5.10	5.20
Mar 2017	1.25	3.70	5.20	5.30
Projected Increase over				
the 3 year period	+0.75	+1.20	+0.80	+0.90

Treasury Management Implications

- 3.5 This challenging and uncertain economic outlook has several key treasury mangement implications:
- 3.6 The key requirements of both the Code and the Investment Guidance are to produce an Annual Investment and Treasury Strategy covering the following:
 - Guidelines for choosing and placing investments Counterparty Criteria (Section 5).
 - Details of Specified and Non-Specified investment types (Section 6).

 Identification of the maximum period for which funds can be committed – Counterparty Monetary & Time Limits (Section 7).

4. INVESTMENT STRATEGY 2014-15

- 4.1 Forecasts of short-term interest rates, on which investment decisions are based, suggest that the 0.5% Bank Rate will remain unchanged until the second quarter of 2016.
- 4.2 If economic growth remains strong and unemployment falls faster than expected, then the Bank Rate could be increased sooner. However, should the pace of growth slow, then rates are likely to remain unchanged for sometime, particularly if the Bank of England forecasts for the rate of fall in unemployment prove to be too optimistic.
- 4.3 The investment earnings rates which most closely matches the average deposit profile is the 6 month LIBID (London Intra Bank Bid rate for money market trades) forecast. The suggested budgeted interest rates for the following 3 financial years are as follows:

Financial Year	Interest Earnings Budgeted Rates
2014-15	0.600%
2015-16	0.600%
2016-17	0.925%

- 4.4 There are 3 key considerations to the treasury management investment process. CLG's Investment Guidance ranks these in the following order of importance:
 - security of principal invested,
 - liquidity for cash flow, and
 - investment return (yield).

Each investment is considered in the context of these 3 factors, in that order.

- 4.5 CLG's Investment Guidance requires local authorities and PCCs to invest prudently and give priority to security and liquidity before yield, as described above. In order to facilitate this objective, the Guidance requires the PCC to have regard to CIPFA's Code of Practice for Treasury Management in the Public Sector.
- 4.6 The key requirements of both the Code and the Investment Guidance are to produce an Annual Investment and Treasury Strategy covering the following:
 - Guidelines for choosing and placing investments Counterparty Criteria (Section 5).
 - Details of Specified and Non-Specified investment types (Section 6).
 - Identification of the maximum period for which funds can be committed Counterparty Monetary & Time Limits (Section 7).

5. INVESTMENT STRATEGY 2014-15 – COUNTERPARTY CRITERIA

- 5.1 Norfolk County Council, on behalf of the PCC, as part of its contractual arrangement, works closely with its external treasury advisors to determine the criteria for high quality institutions. The minimum rating criteria uses the 'lowest common denominator' method of selecting counterparties and applying lending limits to those counterparties (see Section 7). This means that the application of the Council's minimum criteria will apply to the lowest available rating for any institution. For example, if an institution is rated by all three credit rating agencies, two meet the Council's criteria, the other does not, the institution will fall outside the lending criteria. This is in compliance with the CIPFA Treasury Management Code of Practice.
- 5.2 The criteria for providing a pool of high quality investment counterparties for inclusion on the Council's and PCCs 'Approved Authorised Counterparty List' is provided below. Following review by the PCCs external Treasury Advisor, the criteria reflect changes from the Strategy in 2013/14. Changes are identified below, indicated by them being underlined.
 - **UK Banks** which have as a minimum, the following Fitch, Standard and Poors and Moody's credit ratings:

UK Banks	Fitch	Standard & Poors	Moody's
Short Term Ratings	F1	A-1	P-1
Long Term Ratings	A	A	A2
Viability Ratings (Fitch)/ Financial Strength (Moody's)	bb-	-	C-
Support Ratings	3	-	-

• Non-UK Banks (Additional facility in 2014/15) domiciled in a country which has a minimum sovereign rating of AAA and as a minimum, the following Fitch, Standard and Poors and Moody's credit ratings:

Non-UK Banks (option 1)	Fitch	Standard & Poors	Moody's
Short Term Ratings	F1	A-1	P-1
Long Term Ratings	A+	A+	A1
Viability Ratings (Fitch)/ Financial Strength (Moody's)	bb+	-	С
Support Ratings	1	-	-

- **Part Nationalised UK Banks** Lloyds Banking Group and Royal Bank of Scotland Group. These banks are included while they continue to be part nationalised or they meet the ratings for UK Banks above.
- **Building Societies** Building Societies will be used which meet the UK Bank ratings outlined above.
- Money Market Funds (MMFs) which are rated AAA by all three major rating agencies (additional facility in 2014/15). MMF's are 'pooled funds' investing in high-quality, high-liquidity, short-term securities such as treasury bills, repurchase agreements and certificate of deposit. Funds offer a high degree of counterparty diversification that include both UK and Overseas Banks.
- **UK Government** including the Debt Management Account Deposit Facility & Sterling Treasury Bills (additional facility in 2014/15). Sterling Treasury Bills are short-term (up to six months) 'paper' issued by the UK Government. In the same way that the Government issues Gilts to meet long term funding requirements, Treasury Bills are used by Government to meet short term revenue obligations. They have the security of being issued by the UK Government.
- Local Authorities, Parish Councils etc. Includes those in England and Wales (as defined in Section 23 of the Local Government Act 2003) or a similar body in Scotland or Northern Ireland.
- 5.3 The credit ratings of the PCC and Norfolk County Council's Corporate Banker (Co-Operative Bank) are currently below the minimum criteria for UK Banks above. Cash balances held with the Co-operative Bank are for account operation purposes only. Balances will be minimised in both monetary size and time. As part of its plans to re-capitalize and simplify its business, the Co-operative Bank has announced its intention to withdraw from providing banking services to local authorities. As a result the Co-operative Bank will not be seeking to renew its banking relationship with the County Council when the current banking contract expires in 2016. The County Council will consider bringing forward its timetable for seeking formal banking tenders. The Co-Operative Bank has given no such notice to the PCC for when the current banking contract ceases in 2016.
- 5.4 All cash invested by the PCC in 2014-15 will be either Sterling deposits (including certificates of deposit) or Sterling Treasury Bills invested with banks and other institutions in accordance with the Approved Authorised Counterparty List.
- 5.5 The Code of Practice requires local authorities to supplement credit rating information. Whilst the above criteria relies primarily on the application of credit ratings to provide a pool of appropriate counterparties for use, additional market information will be used to inform investment decisions. This additional market information includes, for example, Credit Default Swap rates and equity prices in order to compare the relative security of counterparties.
- 5.6 The current maximum lending limit of £10 million for any counterparty will be maintained in 2014-15 to reflect the increase in cash balances and to avoid large deposits with the DMO.
- 5.7 In addition to individual institution lending limits, "Group Limits" will be used whereby the collective investment exposure of individual banks within the same banking group is restricted to a group lending limit.

5.8 For 2014/15 the Strategy is extended to enable deposits beyond 365 days but only with UK banks which meet the credit ratings at paragraph 5.2. Deposits may also be placed with UK Part Nationalised Banks and Local Authorities for periods of up to 2 years.

6. SPECIFIED & NON-SPECIFIED INVESTMENTS

- 6.1 As determined by CLG's Investment Guidance, Specified Investments offer "high security and high liquidity". They are Sterling denominated and have a maturity of less than one year. Institutions of "high" credit quality are deemed to be Specified Investments. From the pool of high quality investment counterparties identified in Section 5, the following are deemed to be Specified Investments where the period of deposit is 364 days or less:
 - Banks: UK and Non UK
 - Part Nationalised UK Banks
 - UK Building Societies (which meet the minimum ratings criteria for Banks)
 - Money Market Funds
 - UK Government
 - Local Authorities, Parish Councils etc.
- 6.2 Non-Specified Investments are those investments that do not meet the criteria of Specified Investments. From the pool of counterparties identified in Section 5, they include:
 - The PCC's Corporate Banker (Co-operative Bank).
 - Any investment greater than 364 days.
- 6.3 The categorisation of 'Non-Specified' does not in any way detract from the credit quality of these institutions, but is merely a requirement of the Government's guidance.
- 6.4 The Counterparty List includes both Specified and Non-Specified Investment institutions. It is envisaged that the PCC will use specified investments only in 2014-15, other than the normal day to day transactions undertaken through the Cooperative Bank.

7. BORROWING STRATEGY 2014-15

- 7.1 Capital expenditure can be paid for immediately by applying capital receipts, capital grants or revenue contributions. Capital expenditure in excess of available capital resources or revenue contributions will add to the PCC's borrowing requirement. The PCC's need to borrow is measured by the Capital Financial Requirement, which represents the total outstanding capital expenditure which has not yet been paid for from either capital or revenue resources.
- 7.2 Borrowing relates to long term loans (i.e. loans in excess of 364 days). The borrowing strategy includes decisions on the timing of when further money should be borrowed.

- 7.3 The main source of long term loans is the Public Works Loan Board (PWLB), which is part of the UK Debt Management Office (DMO). The maximum period for which loans can be advanced by the PWLB is 50 years.
- 7.4 In accordance with the approved 2013-14 Investment and Treasury Strategy, the PCC has postponed any new borrowing for capital purposes, using cash balances on a temporary basis to avoid the cost of 'carrying' debt in the short term. Delaying borrowing and running down the level of investment balances also reduces the PCC's exposure to investment counterparty risk. This strategy will be continued in 2014/15.
- 7.5 Total external borrowing currently stands at £13.161 million, with an additional £15.671 million financed internally from temporary cash resources. The PCC's overall new borrowing requirement in 2014-15 is estimated at £3.8 million. The 2014-15 budget provision for interest payable is around £765,000. This covers interest on existing loan debt and the 2014-15 borrowing requirement. It is not envisaged that borrowing will be required during 2014-15 for capital expenditure financed internally since 2009-10. By financing internally there will be an interest saving of around £700,000.
- 7.6 The challenging and uncertain economic outlook outlined by Capita Asset Services in Section 3, together with managing the cost of "carrying debt" requires a flexible approach to borrowing. The PCC CFO, under delegated powers, will take the most appropriate form of borrowing depending on the prevailing interest rates at the time, taking into account the risks identified in Capita Asset Services economic overview (Section 3).
- 7.7 The level of outstanding debt and composition of debt, in terms of individual loans, is kept under review. The PWLB provides a facility to allow the restructure of debt, including premature repayment of loans, and encourages local authorities and PCCs to do so when circumstances permit. This can result in net savings in overall interest charges. The PCC CFO and Sector will monitor prevailing rates for any opportunities during the year.
- 7.8 The PCC has flexibility to borrow funds in the current year for use in future years. For example, the PCC CFO may do so under delegated powers where a sharp rise in interest rates is expected and borrowing early at fixed interest rates will be economically beneficial or meet budgetary constraints. Whilst the PCC CFO will adopt a cautious approach to any such borrowing, where there is a clear business case for doing so borrowing will be undertaken to fund the approved capital programme. Risks associated with any advance borrowing will be subject to appraisal in advance and subsequent reporting through the reporting process.

8. TREASURY MANAGEMENT PRUDENTIAL INDICATORS

8.1 There are four treasury related Prudential Indicators. The purpose of these is to restrict the activity of the treasury function to within certain limits, thereby managing risk and reducing the impact of an adverse movement in interest rates. However, if these indicators are too restrictive, they will impair the opportunities to reduce costs/improve performance. The Indicators are:

- **Upper Limits on Variable Interest Rate Exposure** This identifies a maximum limit for variable interest rates based upon the debt position net of investments. It is recommended that the PCC sets an upper limit on variable interest rate exposures for 2014-15, 2015-16 and 2016-17 of 30% of its net outstanding principal sums. This is consistent with previous policy.
- **Upper Limits on Fixed Interest Rate Exposure** Similar to the previous indicator, this covers a maximum limit on fixed interest rates. It is recommended that the PCC sets an upper limit on fixed interest rate exposures for 2014-15, 2015-2016 and 2016-2017 of 100% of its net outstanding principal sums.
- **Maturity Structures of Borrowing** These gross limits are set to reduce the PCC's exposure to large fixed rate sums falling due for refinancing and require upper and lower limits. It is recommended that the PCC sets the following limits for the maturity structures of borrowing. These limits follow existing treasury management policy and are unchanged from 2013-14:

	Lower Limit	Upper Limit
Under 12 months	0%	15%
12 months and within 24 months	0%	15%
24 months and within 5 years	0%	45%
5 years and within 10 years	0%	75%
10 years and above	0%	100%

 Total Principal Funds Invested for Greater than 364 Days – This limit is set with regard to the PCC's liquidity requirements. As stated earlier in the report, it is estimated that in 2014-15 no funds will be invested for periods greater than 364 days.

MINIMUM REVENUE PROVISION STATEMENT 2014-15

Introduction

- 1. The PCC is required to make a charge against the revenue budget each year in respect of capital expenditure financed by borrowing or credit arrangement. The annual charge is set aside for the eventual repayment of the loan and is known as the Minimum Revenue Provision (MRP). This is separate from any annual interest charges that are incurred on borrowing.
- 2. The Local Authorities (Capital Finance and Accounting) (England) (Amendment) Regulations 2008 amend the way in which MRP can be calculated so that each authority must consider what is "prudent". The regulations are backed up by statutory guidance which gives advice on what might be considered prudent.

Options for Making Prudent Provision

3. Four options are included in the guidance, which are those likely to be most relevant for the majority of authorities. Although other approaches are not ruled out, authorities must demonstrate that they are fully consistent with the statutory duty to make prudent revenue provision.

Option 1 - Regulatory Method

Authorities may continue to use the formulae put in place by the previous regulations.

Option 2 - Capital Financing Requirement Method

This is a technical calculation based upon taking 4% of the level of outstanding debt as signified by the previous year's balance sheet.

Option 3 – Asset Life Method

This is to make provision over the estimated life of the asset for which the borrowing is undertaken. This could be done by:

- (a) Charging MRP in equal instalments over the life of the asset
- (b) Charging MRP according to the flow of benefits from an asset where the benefits are expected to be different between years (CIPFA guidance is awaited for this methodology)

Option 4 - Depreciation

The asset is depreciated in accordance with standard accounting methods

- 4. The regulations make a distinction between capital expenditure incurred before 1 April 2008 and capital expenditure incurred from 1 April 2008 in terms of the options available.
- 5 Options 1 and 2 are to be used for capital expenditure incurred pre April 2008. Options 3 and 4 are to be used for Capital expenditure incurred post April 2008.

Recommendations

- 6. In order to avoid complexity and to spread the charge to the revenue budget over the life of the asset, it is recommended that for MRP purposes the PCC continues with the current approach, namely that:
 - Capital expenditure incurred before April 2008 is treated in accordance with option 1 of the regulatory guidance; and
 - Capital expenditure incurred from April 2008 is treated in accordance with option 3(a) of the regulatory guidance.

MEDIUM-TERM FINANCIAL PLAN

Option 1: 0% increase in council tax in each year

	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000
Net expenditure budget (before savings)	153,939	155,377	159,153	161,735
Total funding / budget requirement	-147,489	-144,395	-141,180	-138,094
Deficit before known savings	6,449	10,982	17,973	23,641
CSR1 savings identified CSR2 savings already identified	-1,049 -1,540	-1,276 -1,656	-2,053 -1,636	-2,053 -1,636
Deficit after known savings	3,860	8,050	14,284	19,952
Additional CSR2 planned project savings	-937	-3,901	-6,688	-7,644
Revised deficit after additional savings	2,923	4,149	7,596	12,308
In year use of Budget Support Reserve	-2,923	-4,149	-7,596	-12,308*
Total	0	0	0	0

*Under this option the constabulary would need to make additional savings of at least £5.2m in 2017-18 to prevent the budget support reserve from running out.

Additionally, if the assumptions in section 7 of the report continue into 2018-19 additional savings of nearly £17m will need to be found in that year.

MEDIUM-TERM FINANCIAL PLAN

Option 2: 1.9722% increase in council tax in each year

	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000
Net expenditure budget (before savings)	153,939	155,377	159,153	161,735
Total funding / budget requirement	-148,009	-145,459	-143,347	-141,388
Deficit before known savings	5,929	9,918	15,806	20,347
CSR1 savings identified CSR2 savings already identified	-1,049 -1,540	-1,276 -1,656	-2,053 -1,636	-2,053 -1,636
Deficit after known savings	3,340	6,986	12,117	16,658
Additional CSR2 planned project savings	-937	-3,901	-6,688	-7,644
Revised deficit after additional savings	2,403	3,085	5,429	9,014
In year use of Budget Support Reserve	-2,403	-3,085	-5,429	-9,014*
Total	0	0	0	0

*Under this option the constabulary would still have £1.9m remaining in the budget support reserve.

Additionally, if the assumptions in section 7 of the report continue into 2018-19 additional savings of over £12m will need to be found in that year.

MEDIUM-TERM FINANCIAL PLAN

Option 3: Minus 1 % increase in council tax in each year

	2014/15 £000	2015/16 £000	2016/17 £000	2017/18 £000
Net expenditure budget (before savings)	153,939	155,377	159,153	161,735
Total funding / budget requirement	-146,938	-143,844	-140,629	-137,543
Deficit before known savings	7,000	11,533	18,524	24,192
CSR1 savings identified CSR2 savings already identified	-1,049 -1,540	-1,276 -1,656	-2,053 -1,636	-2,053 -1,636
Deficit after known savings	4,411	8,601	14,835	20,503
Additional CSR2 planned project savings	-937	-3,901	-6,688	-7,644
Revised deficit after additional savings	3,474	4,700	8,147	12,859
In year use of Budget Support Reserve	-3,474	-4,700	-8,147	-12,859*
Total	0	0	0	0

*Under this option the constabulary would need to make additional savings of at least 27.4m in 2017-18 to prevent the budget support reserve from running out.

Additionally, if the assumptions in section 7 of the report continue into 2018-19 additional savings of over £17m will need to be found in that year.

COUNCIL TAX PRECEPT PROPOSED OPTION 2014-15

Complaints Monitoring Report

Suggested approach from Jo Martin, Scrutiny Support Manager

The Panel is recommended to consider and note the regular monitoring information from the Commissioner's Chief Executive and Norfolk County Council's Head of Democratic Services.

1. Background

- 1.1 The Panel has delegated the Initial Handling of Complaints and Conduct Matters (as set out in The Elected Local Policing Bodies (Complaints and Misconduct) Regulations 2012, Part 2) to the Commissioner's Chief Executive, in consultation with a nominated member of the Panel.
- 1.2 The Panel has also delegated the resolution of other complaints (as set out in The Elected Local Policing Bodies (Complaints and Misconduct) Regulations 2012, Part 4) to the County Council's Head of Democratic Services for informal resolution, in consultation with a nominated member of the Panel.
- 1.3 The Commissioner's Chief Executive and the County Council's Head of Democratic Services agreed to provide the Panel with monitoring reports, at least annually, setting out the number and spread of complaints handled during the period.

2. Complaints received during 2012-13 and 2013-14 (to date)

2.1 The Commissioner's Chief Executive has confirmed the following complaints from commencement of the PCC role to date:

• Complaint 1 – Dated: 15th July 2013

The complaint related to the Commissioner's omission to register immediately under the Data Protection Act upon coming into office. The matter was referred to the Independent Police Complaints Commission, which decided that it did not need to investigate the complaint. The matter was referred back to Norfolk for informal resolution by NCC's Head of Democratic Services, in consultation with the designated Panel Members. Having reviewed the matter, it was agreed to write to the complainant to advise that as the Commissioner's Office had voluntarily registered in the name of the PCC within days, no further action was needed.

Completed: September 2013

• Complaint 2 – Dated: 8th November 2013

The complaint relates to the publicity regarding the Commissioner's travelling expenses.

This was referred to the IPCC in the interest of transparency and openness and in the knowledge that the complainant had stated they would independently complain to the IPCC. The outcome from the IPCC is still awaited.

On-going

• Complaint 3 – Dated: 15th November 2013

The complaint relates to the publicity regarding the Commissioner's travelling expenses.

In light of the similarities to the second complaint, this complaint was put on hold pending the outcome from the IPCC investigation. The complainant was informed and they were satisfied with this approach.

On-going

• Complaint 4/5 – Dated 6th January 2014 and 7th January 2014

These complaints relate to the publicity regarding the Commissioner's travelling expenses.

These complaints, received from a single complainant, have received a reply requesting further information of the nature of the complaint to help enable the Chief Executive and Independent Panel Member to determine this complaint and due process.

On-going

- 2.2 As background information for the Panel, the Commissioner's Chief Executive has also confirmed that 46 FOI (Freedom of Information) requests have also been received. The main themes of the FOI requests are:
 - the staffing, structure and set up costs of the new Office of the Police and Crime Commissioner for Norfolk
 - PCC Expenses (including requests for the PCC's and D/PCC's working diaries)
 - Expenses/Bonus Payments regarding staff
 - PCC Budget
 - Gifts and Hospitality
 - Exit Payments to Staff
 - Transparency of PCCs
 - Miscellaneous:
 - Vehicle Hire / Use
 - Use of Consultants
 - Association of Police and Crime Commissioners Email Circulars

- Previous Convictions of Staff
- Use of ICT Packages
- Out of Court Settlements/Employment Tribunals
- Number of items stolen from PCC Office
- Funding of Drug and Alcohol Services
- ACPO Contributions/Expenses
- Training

One FOI request has also been received about the Panel (its costs and Panel Member allowances/remuneration).

2.3 The Commissioner's Chief Executive will attend the meeting to respond to any questions that the Panel may have.

3. Action

3.1 The Panel is recommended to consider and note the regular monitoring information.

If you need this report in large print, audio, Braille, alternative format or in a different language please contact Jo Martin on 0344 800 8011 or 0344 800 8011 (Textphone) and we will do our best to help.

Norfolk Police and Crime Panel 31 January 2014 Item no 7

Work Programme 2014-15

Suggested approach from Jo Martin, Scrutiny Support Manager

The Panel is asked to consider the proposed work programme for 2014-15.

1. Background

- 1.1 The Police and Crime Panel ("the Panel") may determine the number of meetings it holds.
- 1.2 The Rules of Procedure state that the Panel shall meet at least four times each year to carry out its functions. In addition to the scheduled public meetings, extraordinary meetings may be called from time to time in accordance with the Panel's Rules of Procedure.
- 1.3 The Police and Crime Panel may also be requested to hold additional meetings, for example if the Police and Crime Commissioner ("the Commissioner") should wish to appoint to specific posts within their staff. It is also possible that the Panel may wish to establish sub-committees and/or time limited task and finish groups to undertake specific task based work and report back to the Panel. Also the Panel may need to meet to consider any revisions the Commissioner makes to his Police and Crime Plan for Norfolk 2013-17.

2. Suggested approach

- 2.1 The proposed work programme for 2014-15 is attached at **Annex A** of this report.
- 2.2 This takes on board the outcomes from the Panel Members' workshop, held on 13 December 2013, to review its experience to date and consider how it can develop its role.
- 2.3 Panel Members considered that many things had gone well during the first full year, such as:
 - good co-operation between Councils in setting up the Panel
 - the support provided by Norfolk County Council
 - very good commitment and engagement from Panel members,
 - the processes around set-piece functions of the Panel
 - the exchange of views and discussion on major points raised with the Commissioner and Deputy Commissioner
- 2.4 However, Panel Members also considered that there was room for much

improvement in the following areas:

- Promoting the role of the Panel
- Getting beyond the Panel's 'special functions' to hold the Commissioner to account for the full extent of his decisions and actions
- Continuing to build a relationship with the Commissioner that will enable sustained and constructive challenge
- 2.5 The Panel considered that the following actions would help to strengthen its role during 2014-15:
 - a) Raising the public profile of the Panel

Owing to limited resources, the Panel's activity will continue to be promoted via the existing media channels, such as press releases about each meeting and ensuring the content of the Panel's webpage is kept up-to-date. Information about the Panel will be included in the March edition of Your Norfolk, alongside information from the Commissioner. Panel Members agreed that getting beyond its 'special functions' and looking in more depth at areas of the Commissioner's activity would also foster more interest. It was also suggested that Panel Members may wish prepare a report about the Panel's activity for consideration at the meetings of their Full Council.

b) Identify areas of the Commissioner's activity for in-depth review

Members were keen to own their work programme and put forward suggestions about priority issues that the Panel should review. To date Members' suggestions fit within the scope of the Commissioner's 2014-15 Norfolk Police & Crime Plan strategic objectives and is recommended that the Panel should focus each quarter on one of these. For example, one suggestion put forward was 'to explore what the Commissioner has done regarding restorative justice'. This could be addressed when the Panel looks at the Commissioner's third strategic objective for 2014-15 "Reducing the need for service, through preventative and restorative approaches and more joined up working with partners; protecting the availability of front line resources."

c) Regular consideration of the Commissioner's decisions and actions

It is suggested that an information bulletin should be included as an item for discussion at each meeting. The bulletin will include decisions taken by the Commissioner since the last Panel meeting and updates on any item of interest to the Panel. Following the Panel's February meeting, when the postponed 'Questions to the Commissioner' item will take place, this would provide a regular opportunity to put questions to the Commissioner about his decisions and activity.

3. Sub committee

3.1 When the Panel met in November 2013 it agreed to establish a sub-panel of 4 members to review the PriceWaterhouseCoopers audit report about the internal control procedures relating to the Commissioner's expense claims, following the resolution of related complaints. It was also agreed that the sub-

panel should consist of 4 members; Mr Richmond, Mr Foulger, Mr Sutton and Dr Boswell. It is suggested that any sub-panel should comprise main members only, not named substitute members, and that the Panel should agree a replacement for Mr Foulger.

4. **Public questions**

4.1 The proposed work programme for 2014-15 is attached at **Annex A** of this report.

3. Action

- 3.1 The Panel is asked to:
 - 1) Consider the work programme attached at Annex A of this report and agree whether there are any items to be added or deleted, postponed or brought forward subject to confirmation, if appropriate, from the Police and Crime Commissioner for Norfolk.
 - 2) Confirm that sub-panels should comprise main members only and agree a replacement for Mr Foulger.

If you need this report in large print, audio, Braille, alternative format or in a different language please contact Jo Martin on 0344 800 8011 or 0344 800 8011 (Textphone) and we will do our best to help.

Norfolk Police and Crime Panel

Forward Work Programme 2013-14

	Main items of business	Invited to attend
10am, Friday 31 January 2014, County Hall	Review the proposed precept for 2014-15 (the Panel must review and report by 8 February 2014) Complaints monitoring report	Commissioner and Deputy Commissioner, supported by members of the Commissioner's staff and Chief Constable
