# NORFOLK RECORDS COMMITTEE

Item No.

Report title:	Performance Report
	1 April –30 September 2016
Date of meeting:	28 October 2016
Responsible Chief Officer:	Tom McCabe – Executive Director, Community and Environmental Services

# **Executive Summary**

This report provides information on the activities of the Norfolk Record Office (NRO) and its performance against its service plan during the period between 1 April and 30 September 2016.

### **Proposal**

The Norfolk Records Committee is asked to:

Consider performance against the 2016/1716 service plan and comment accordingly

#### Performance against Service Plan

- 1 Develop skills and realise educational benefits of using archives
- 1.1 The Norfolk Record Office aims to encourage the use of archives by groups of all ages and abilities.

#### Formal Education

- 1.2 The Norfolk Record Office Education and Outreach team have continued to provide a variety of workshops and talks for children during the last six months. These have included:
  - Local history workshops at Rackheath School and Kinsale Junior School
  - World War II workshops for pupils from Erpingham Primary School and Lakenham Primary School
  - Refuge Day worshops for children at the Forum
  - A Children's University Event at Sprowston High School
- 1.3 The Record Office held nine events for schools, along with one for home education

children. A total of 444 children attended these events

#### Lifelong Learners

- 1.4 There has been a wide variety of events over the last six months. These are detailed in the two *What's On* booklets covering this period, the most recent of which covers events from July to December 2016.
- 1.5 Highlights from the last six months include:
- 1.6 Seal Sock Sewing Bees have continued with the most recent group meeting including a session with the Senior Conservator showing how the seal socks are being used in the God's House Unlocked project.
- 1.7 Heritage Open Days. The NRO held three events:
  - Change Minds events where participants showed their work. This provided an
    opportunity for people from the Change Minds Cromer project to meet people
    from the first cohort based in Norwich. It also gave participants the opportunity to
    invite their families to see their work.
  - An Archival Ambulation around Norwich using copies of archive sources
  - An open day at the King's Lynn Borough Archive where over three hundred people came to view documents on display and talk with an archivist.

Over the same weekend, it ran a stall at the Great Yarmouth Maritime Festival which was visited by over 1000 people.

- 1.8 NRO Blogger. A second cohort was trained to research articles which can then be posted on the NRO Blog. Recent posts on the blog have included:
  - The travel diary of Rachel Sheringham
  - Alfred Albert Suggate: Loddon's musical maverick
- 1.9 An Introduction to Family History workshop run in partnership with the Norfolk Heritage Centre.
- 1.10 In total 52 talks and workshops were delivered to a total of 1,132 people

#### **Developing New Audiences and New Uses for the Collection**

#### Volunteer Programme

- 2.1 Volunteers have contributed 1277 hours to the NRO during this period. There are currently 18 regular volunteers.
- 2.2 As well as the longer running volunteer projects, such as the Horner map cleaning and the indexing of Marriage Licence Bonds, some of the other volunteer arctivities have

been:

- Detailed cataloguing of the correspondence of Captain Frederick Charteris and Lady Louisa Charteris, née Keppel, 1872-1905 (MC 3214) and Sir Robert Clayton's papers re the estate of William Cobbe at Sandringham, 1660-1679 (MC 2370).
- Introduction to the Archive Profession placements have been run for two people with an interest in pursuing a professional qualification. This runs for a week and enables them to get an idea of the variety of work in a busy local authority archive service.
- 2.5 A number of volunteers and work experience placements have now secured paid employment and training. One has recently started at the Rolls Royce archives; another has secured a temporary Archive Assistant post at the NRO and a third has used her experience to secure a place on the Aberystwyth University distance learning course.

#### **Change Minds**

2.6 Members of the first cohort of the Change Minds have completed their three terms on the course. This mental wellbeing course, which uses the records of St Andrew's Hospital, is a Heritage Lottery Funded partnership between the NRO, The Restoration Trust and Together in North Norfolk. An important element of the project is an evaluation of its wellbeing impact; this is being led by Dr Victoria Scaife from UEA. A draft report on the outcomes for the first cohort has been prepared and this shows an overall increase in the general wellbeing of the participants. As well as quantitative data collection, the evaluation forms allow participants to write their own comments. Some of those collected from the first year were:

Has been awesome!! Thank you ☺

I think the course and the outcome for everyone has been a fantastic help to all involved

Change Minds is brilliant

I have enjoyed change minds immensely. It has been a great success

The feedback is also being used to improve the course for the second Changes Minds cohort which started in September

2.7 There has also been another, shorter Change Minds course running over ten sessions in Cromer Library. This is being delivered by a partnership between the NRO, Norfolk Libraries and Norfolk Community Learning Services.

## 3 Providing Public Access Service

#### Searchroom Service

1<sup>st</sup> April 2016 – 30<sup>th</sup> September 2016

3.1

Norfolk Record Office:	Searchroom Visits	Written Enquiries	Telephone E enquiries	Documents Produced
The Archive	2,137	3,384	5,566	17,012
Centre	(2,679)	(3,280)	(3,839)	(15,011)

(Same period in previous year in brackets)

### **Remote Services**

3.2

	Visits	Pages Viewed
NRO Website	30,487	88,706
NROCAT	18,495	373,711
	Followers	
Twitter	15,395	

Changes to NRO: The Archive Centre

- 3.3 Internal building work has now been completed at the Archive Centre. This has resulted in:
  - 1. New office accommodation for the Registration Service.
  - 2. Removal of the reception desk near the Searchroom and its replacement with a reception desk at near the steps
  - 3. New visitor furniture and areas in the Long Gallery
  - 4. A new staff room on the first floor
  - 5. A new Glass Box between the Searchroom and the Green Room
  - 6. Moving the Sound Archive to the former listening room
- 3.4 The total cost to the Record Office of this work, including fees, is in the region of £20,000.

#### 4 Managing and Developing the NRO Collection

#### Accessions

4.1 A total of 168 accessions have been received during this period. The most significant of these are the records purchased as part of the Morningthorpe Manor Sale that account for one of these 168 accessions; these are the subject of a separate report. Some of the other highlights include:

ACC 2016/11 ACC 2016/12	Norwich Cycling Campaign Norwich Group of Flower Clubs	1990-2016 mid 20th century- 21st century
ACC 2016/55	Photographs of Gorleston Special Holiday Camp	1948
ACC 2016/61	Business records of Mann Egerton & Co. Ltd, car dealers, coachworkers, manufacturers and electrical engineers	c 1899-1991
ACC 2016/73	Allens Cadge and Gilbert, Solicitors, and Predecessors additional	18th century-20th century
ACC 2016/156	Norfolk County Council additional: files relating to the Norfolk Library Fire and the development of the Forum	20th century-21st century

A full list of accessions is given in Appendix 1.

4.2 A cataloguing template has been developed for use by depositors prior to the receipt of documents by the NRO. This will enable certain depositors to create lists ready for import into the NRO catalogue.

#### **Digital Preservation Consortium**

- 4.3 Work has now started with the project partners from Norfolk, Hertfordshire, Cambridgeshire and Peterborough on the digital preservation project. A contract has been signed with a third party supplier who is providing a hosted system for this work. This consists of a file transfer system linked to an Archivematica pipeline (a workbench for processing digital files) and an instance of ICA Atom (an archive description and management system)
- 4.4 All parties took part in a web based training session with the software developers in Canada and small, collaborative training sessions have been arranged between the project partners.
- 4.5 The aims of this pilot project are to assess the most efficient way of meeting our digital preservation needs whilst developing new skills and understanding
- 4.6 There is growing interested in this project and requests to visit the NRO have been received from Cameron Mackintosh Ltd, Jaguar Daimler Heritage Trust, the British Motor Industry Heritage Trust and the University of Westminster.

- 4.7 Following interviews in July, the third digital preservation traineeship (funded through the Heritage Lottery Fund Skills for the Future programme) will start in October. This digital preservation project will form the core of their work over the coming 12 months. The holder of the previous placement has now secured employment working on digital records at the National Theatre.
- 4.8 Whilst the tools being used in the consortium help with many of the issues surrounding the preservation of digital records, there are still areas which need work. One of these has been addressed by producing an advice sheet for depositors of digital records. This sets out the preferred file formats for the transfer of digital records to the NRO, the need to remove password protection and the background information we require to manage the records.

#### God's House Unlocked

- 4.9 The God's House Unlocked project, which is creating a full catalogue of the UNESCO World Heritage Register inscribed Great Hospital collection, has been running since April. During this period, 42 of the 52 boxes in NCR Case 24 have been catalogued. This represents 54% of the total. It includes the founder's will, cartulary, letters patents, general accounts, court rolls, bailiff's accounts, rentals, extents and records of litigation.
- 4.10 Throughout, old boxes and packaging have been replaced with new, archive standard materials. As a part of this, bespoke, specially designed archive boxes and internal packaging for the deeds and, in many cases, their pendant wax seals has also been made.
- 4.11 As a part of the engagement activities around this project, an intermediate palaeography course started at the NRO in September. This objective of this ten session course is to equip its participants with the skills to work on 15th century account rolls.
- 4.12 Some of the items catalogued are described in more detail in Appendix 2.

#### Caring for the Collection

- 5.1 A conservator has been recruited to cover the maternity leave of one of the conservation team. The new conservator, who started on 8 August, has 25 years' experience in conservation having worked at, what was then, the Public Record Office and the Tate. Meanwhile, the conservator for whom he is providing maternity leave cover, gave a paper at the Archives and Records Association conference demonstrating recent innovations in parchment humidification developed by NRO.
- 5.2 Work has been completed on all the King's Lynn items requiring digitisation. This included the charters and items for the exhibition. The conservation team also organized and supervised the return of the document to Lynn in order to minimize the risk of damage during the move.

- 5.3 Planned conservation work has been completed on:
  - 1. C/Sca 2/193: Martham enclosure award
  - 2. BEA 401, 439x2: Manor court book of Banyard, Lalfords and Butley
  - 3. MC 1811/23:Rental from the Norfolk Manors of Sir E. Bowyer Smyth
- 5.4 The Collection Care team have also secured two orders for large bespoke boxes: one for the History of Advertising Trust and another for a commercial supplier who has ordered 50 large costume boxes.
- 5.5 The Senior Conservator has also delivered two bookbinding sessions. One to the Change Minds group and another as a masterclass at the Town Hall in King's Lynn.
- 5.6 The Conservation team also continue to support the work of other teams. As well as providing access services for fragile documents ordered in the searchroom they have trained eleven people in Document Handling techniques and contributed to 31 tours of the building.

### 6 King's Lynn Borough Archive

- 6.1 The conditions in the strongroom have now reached the environmental standards required for the storage of archive; this enabled the collection to be returned in September. This barcode system, put in place when the collection was moved to Norwich, was used again to create a location guide very soon after the documents had been returned.
- 6.2 The documents have been stored by size, rather than reference, which has made considerable space savings. There are also plans for further reorganization and packaging which will free up additional storage capacity. The means that the NRO will be able to stored additional documents in Lynn and it is currently identifying suitable collections to keep there. It is likely that priority will be given to archives which can be used for engagement activities and anticipated research projects.
- 6.3 The archivist at King's Lynn moved to another job in July and, since then, staff from Norwich have been covering the post. Shortly after receiving notice, an advertisement for the post was placed in the Archives and Record Association's *ARC Recruitment*. However, the Record Office was unable to make an appointment.
- 6.4 The Record Office has failed to make an appointment to this post before and readvertising carries the significant risk of failure that this will happen again. Therefore, to manage this risk, the Record Office plans to establish a traineeship in King's Lynn. The successful applicant will study for a professional qualification by distance learning and, upon successful completion of the course, will progress to the post of archivist in Lynn. Throughout the course, NRO staff will provide mentoring and support.

#### 7 **Financial Implications**

7.1 The implications for finance are set out in the section above and in the Finance Report presented to this committee.

#### 8 Issues, risks and innovation

8.1 Officers have considered all the implications which members should be aware of. Apart from those listed in the report (above), there are no other implications to take into account.

#### 9 **Background**

9.1 This report refers to the Norfolk Record Office Service Plan which was approved by the Norfolk Records Committee in April 2016.

#### **Officer Contact**

If you have any questions about matters contained in this paper please get in touch with:

Gary Tuson **County Archivist** Norfolk Record Office The Archive Centre, Martineau Lane Norwich, NR1 2DQ

Tel: 01603 222599

Email: gary.tuson@norfolk.gov.uk

If you need this report in large print, audio, Braille, alternative format or in a different language please contact the County Archivist on 0344 800 8020 or 0344 800 8011 (textphone) and we will do our best to help.

# **Appendix 2**

# Some Highlights from the God's House Unlocked Cataloguing

Ref: NCR Case 24a/4

On the dorse side of an account of 1320, is a mid-13th century schedule of many Suffolk parishes, probably a taxation list compiled by diocesan officials and including references to pensions paid to the priors of several Suffolk and Norfolk priories and also to the chamberlain, almoner, hosteller of Bury St Edmund's Abbey.

NCR Case 24d/1/11

At the foot of the account of 1333, is a re-used parchment membrane recording lists of [? diocesan or hospital] officials and servants 'garconibus' in receipt of summer livery in rabbit furs and ells of burrell cloth from Northampton and 'Stanford' [Stamford], 1252.

NCR Case 24b/19

On the dorse side of 1444 memoranda are receipt and payment accounts for the one and a quarter years from Jan 1443-April 1444 of William Wyght, the undersheriff for Suffolk. The receipt accounts list those amerced for exigencies and those paying for 'sueta', (their freedom from incarceration before trial). Payments concern assize proceedings and justices expenses among other things.

#### NCR Case 24b/22a-b

Agreements in English between Sir William Aleyn, the parson of Thwait and Sir Thomas Prentys, the parson of St 'Albertes' [Ethelbert's] Mundham, with the assent of the leading parishioners, apportioning, after a variance concerning liability for tithe payments between the two parsons, lands in the open fields of St Ethelbert's and St Peter's, Mundham and of Thwait, 1440-1444

#### NCR Case 24b/25

Agreement that Dr John Selot, clerk and master of the Hospital and its confraternity for £200 paid them hospital by the executors of Ralph Segryme and Richard Broun, formerly mayor and aldermen of the city (now dead) the master and fellows are forever obliged to provide one suitable, secular chaplain without benefice to say vespers and matins each day and mass every Sunday and feast days in the chapel for the honour of God and St Barbara, the comfort of prisoners, the good estate of the mayor and City and for the sake of the souls of Segryme, Broun, their wives and for those of John Wilby and his wife and for those of all benefactors of the chapel, the City providing a chalice, service books and vestments, 1472.

#### NCR Case 24b/36

Counterpart agreements for the keeping of the poor people in God's House between the Corporation and successive keepers of the Hospital, detailing their wages, allowances and duties, 1566-1686

#### NCR Case 24e/5/2

The Lathes in Norwich, John Dernell, carter's half-yearly account and journal entries in English, 1417 detailing the costs of daily cartloads of materials (muck, stone, gravel, clay, lime, sand, timber, furze and other fuels, crops, chaff among others), transported to and from the Hospital from estates around Norwich and Norfolk.

#### NCR Case 24e/5/11

The Lathes in Norwich, the 'journal' entries of John Boys, ploughman and carter, Nov 1428-Nov 1429, being an aid memoir in English to an agreement between Boys and Sir Geffre [Halle], 'styward of seyntt gylis ospital', describing each week's daily carting and ploughing work from St Andrew's Day [Tuesday 30 November 1428] to the week starting the 28 November 1429. The prices of loads of various materials (stone, clay, crops, timber, furze, whins and other fuels among others) are also given, along with references to bad weather when it disrupts work.
