

## Tuttles Lane, Wymondham

Wed 20/03/2019 12:57

Good afternoon

I have been passed your e mail from our customer services.

Firstly I am sorry this has not been acknowledged before now, we have had some changes to management personnel in recent months and it would appear this has caused a delay in a response being sent.

I have had personal experience of driving buses on our number 6 & 9 routes that serve Tuttles Lane and turning out of the side roads, Lime Tree Avenue and Melton Road can both be awkward, mainly due to the speed in which traffic on Tuttles Lane approached. If the speed of the main road traffic is less it does tend to give time to pull out where a gap in the traffic allows.

As a bus operator any reduction in speed can affect our timetables but in the case of Tuttles Lane reducing the speed limit to 30 mph would not give us any concerns.

I hope this is of help.
