

Norfolk County Council

Minutes of the Meeting Held on 19 April 2021

Present:	Cllr Tony Adams	Cllr Mark Kiddle-Morris
	Cllr Tim Adams	Cllr Brian Long
	Cllr Stephen Askew	Cllr Ian Mackie
	Cllr David Bills	Cllr Ed Maxfield
	Cllr Bill Borrett	Cllr Joe Mooney
	Cllr Julie Brociek-Coulton	Cllr Steve Morphew
	Cllr Penny Carpenter (Vice-Chair)	Cllr George Nobbs
	Cllr Mick Castle	Cllr Judy Oliver
	Cllr Chenery of Horsbrugh	Cllr Rhodri Oliver
	Cllr Stuart Clancy	Cllr Greg Peck
	Cllr David Collis	Cllr Graham Plant
	Cllr Ed Colman	Cllr Richard Price
	Cllr Edward Connolly	Cllr Andrew Proctor
	Cllr Emma Corlett	Cllr William Richmond
	Cllr Stuart Dark	Cllr Dan Roper
	Cllr Margaret Dewsbury	Cllr David Rowntree
	Cllr Nigel Dixon	Cllr Chrissie Rumsby
	Cllr Danny Douglas	Cllr Mike Sands
	Cllr Phillip Duigan	Cllr Eric Seward
	Cllr Fabian Eagle	Cllr Carl Smith
	Cllr Tim East	Cllr Thomas Smith
	Cllr John Fisher	Cllr Mike Smith-Clare
	Cllr Tom FitzPatrick	Cllr Sandra Squire
	Cllr Colin Foulger	Cllr Barry Stone
	Cllr Andy Grant	Cllr Margaret Stone
	Cllr Shelagh Gurney	Cllr Martin Storey
	Cllr Ron Hanton	Cllr Haydn Thirtle
	Cllr David Harrison	Cllr Alison Thomas
	Cllr Harry Humphrey	Cllr John Timewell
	Cllr Brian Iles	Cllr Karen Vincent
	Cllr Andrew Jamieson	Cllr Colleen Walker
	Cllr Terry Jermy	Cllr John Ward
	Cllr Brenda Jones	Cllr Brian Watkins
	Cllr Chris Jones	Cllr Fran Whymark
	Cllr Alexandra Kemp	Cllr Martin Wilby
	Cllr Keith Kiddie (Chair)	Cllr Sheila Young

Chairman's opening remarks in tribute to His Royal Highness The Duke of Edinburgh who had died on 9th April 2021.

At the start of the proceedings the Chairman paid tribute to His Royal Highness The Duke of Edinburgh who had died on 9th April 2021. The Chairman said that Prince Philip would always be remembered with a special feeling of affection arising from his long and happy periods of residence at Sandringham with The Queen and other members of the Royal Family. The Duke served our country with great distinction throughout his life and graced many events in Norfolk with his presence over the years.

The Chairman said that he had written to Her Majesty The Queen expressing County Council's sincere condolences.

Councillors and officers joined in a minute's quiet reflection on the life of His Royal Highness The Prince Philip, Duke of Edinburgh, at the end of which the County Chaplain Revd Liviu Barbu offered prayers.

Apologies for Absence:

Apologies for absence were received from Cllr Steffan Aquarone. Cllr Jess Barnard, Cllr Sarah Butikofer, Cllr Claire Bowes, Cllr Kim Clipsham, Cllr Graham Middleton, Cllr Bev Spratt, Cllr Marie Strong, Cllr Vic Thomson and Cllr Tony White.

1 Minutes

- 1.1 The minutes of the Council meeting held on 22 February 2021 were confirmed as an accurate record of the meeting.

2 Chairman's Announcements

- 2.1 The Chairman said that on Friday 16 April 2021 he had attended an evening song service at Norwich Cathedral on behalf of the County Council that was dedicated to the memory and life of His Royal Highness The Prince Philip, Duke of Edinburgh.

3 Declarations of Interest

- 3.1 Cllr Alison Thomas declared an other interest as she had been personally affected by the flooding that had taken place across the county in December 2020.
- 3.2 Cllr Thomas Smith declared an other interest as he was appointed by the County Council to the Governing Body for the Queen Elizabeth hospital in King's Lynn.
- 3.3 Cllr Chenery of Horsbrugh declared an other Interest as a Trustee of NORAH (Norfolk Archives & Heritage Development Foundation).

4 To receive any items of business which the Chairman decides should be considered as a matter of urgency.

4.1 There were no items of urgent business.

5 Questions to Leader of the Council

5.1 Question from Cllr Dan Roper

Cllr Roper stated that despite the Conservative 2017 election manifesto promise to keep Council Tax increases as low as possible, Council Tax in Norfolk had risen by 18% in the last 4 years and much of this increase was due to Government cuts and reductions in funding. He asked if this meant that the Conservative Party was now the Party of Council Tax and if returned to be the Administration after the elections how much the Leader anticipated Council Tax would rise in the next 4 years.

The Leader replied that everyone recognised that in the last year, as in preceding years, difficult decisions arising from the level of local government funding were continuing to have to be made, however, net spending had risen significantly in Norfolk to deliver the services that people valued the most and a large part of the Council Tax increase of the last year was aimed specifically at the need to keep adult social care services going.

5.2 Question from Cllr Sandra Squire

Cllr Squire asked if following the forthcoming elections a new Council would be an opportunity for the Council to have a fresh start, to listen to the residents of Norfolk rather than just say that it did and to put the people and the environment at the heart of future Council decisions.

The Leader replied that the Council already listened to what people had to say and placed an emphasis on the environment and environmental policies and supported all the people of Norfolk.

5.3 Question from Cllr Karen Vincent

Cllr Vincent asked if the Leader would join her in praising all Council staff for the work that they had done over this past most challenging year and give some reassurances that the Conservative Administration would continue to support residents as the pandemic continued.

The Leader replied that over the last 12 months a lot of effort had gone into continuing the Council's operations during the pandemic and in achieving the high standards that everyone now came to expect from the County Council. The Leader gave examples of how the County Council had provided the leading role in the public health response to Covid-19 (including outbreak control and local test and track), maintained key services for vulnerable adults and children, expanded digital services and maintained the roads. The Leader added that the Council had worked with the District Councils and the voluntary sector to shield the community from the worst effects of Covid-19 and to provide food supplies and new Council improvement schemes such as the third Great Yarmouth river crossing. The Leader said that he planned to retain the Council's positive achievements of the last year that had led to stronger community spirit and investment in strengthening care and

community resilience and more economic development that would ensure a better future for all the people of Norfolk.

5.4 Question from Cllr Alexandra Kemp

Cllr Kemp stated that the County Council had fought a campaign to keep the Fire and Rescue Service under its control. Cllr Kemp asked if the Leader would inform the Government that they were wrong to now be looking to force the transfer of the Fire and Rescue Service away from accountable elected Councillors.

The Leader said that a few years ago the County Council had reached the conclusion that there was no merit in the transfer of functions provided by the Fire and Rescue Service to the Police and Crime Commissioner. Opinion across the Council on this matter had not changed. The Police and Crime Commissioner already had a huge role and was unable to provide a better Fire and Rescue Service. Where Fire and Rescue Services were retained by Councils across the country they were under direct elected control. Norfolk had an excellent case for saying to the Government that the current arrangements did not need to be changed therefore why change it.

5.5 Question from Cllr David Harrison

Cllr Harrison asked if the Leader believed that the £500 self-isolation payment was an incentive to spread Covid-19.

The Leader said that he did not.

5.6 Question from Cllr Mick Castle

Cllr Castle asked if the Leader agreed with him that the continuing uncertainty about Government intentions for devolution was making long term strategic planning difficult for Norfolk and, if so, would he be making his views known to the Prime Minister.

The Leader said that he and others recognised the value that devolution could bring to this county and to other areas of the country. The uncertainty was in how devolution would work in practice; whether it required local government reorganisation first and the devolved powers and finance that went with it. The Leader said that he had made a strong case for devolution of powers and for ensuring that Norfolk got the maximum benefit it possibly could from devolution.

5.7 Question from Cllr Carl Smith

Cllr Carl Smith asked if the Leader could give examples of how the County Council could work better with its partners.

The Leader said that it was essential for local service partners to work better together. Over the last 12 months numerous new multi-partner partnerships were created such as the Norfolk Strategic Flood Alliance; regular meetings were held with Norfolk MPs, the Public Sector Leaders Board and improved arrangements were put in place for working with the NHS, amongst others.

5.8 Question from Cllr Tim East

Cllr East said that after 38 years as a local councillor for Costessey he did not want people with disabilities to be in a worse position now than when he started as a Councillor in 1997. The High Court had called the Council's MIG cuts irrational. Because many disabled people remained to be paid back in full or in part, did this mean that the Administration was cruel and callous.

The Leader said that he wished to congratulate Cllr East on his 38 years of service in public life. The Administration was not in any way cruel or callous. All the work that needed to be done to sort out the finances of those effected by the High Court judgement was being done carefully and this matter would be resolved as soon as possible.

5.9 **Question from Cllr Sandra Squire**

Cllr Squire asked a question on behalf of Cllr Maxfield who had indicated that he would be late attending the meeting. Cllr Squire stated that the Chair of Trimingham Parish Council awaited a reply from the Leader about the sale of County Council owned land in the parish. Cllr Squire asked if the Leader would commit to a review of the County Council's asset disposal policy so that it met the needs of the local community first as the most important consideration.

The Leader said that the sale of land at Trimingham was ongoing. The Council's asset sales policy aimed to make sure that the best sale value was obtained but equally recognised that there were times when it was important to place emphasis on community value. The asset disposal policy would be kept under review.

6 **Recommendations from Committees**

6.1 **Recommendations from the Cabinet meetings held on 7 December 2020, 12 January 2021, 1 February 2021 and 8 March 2021.**

The recommendations from the Cabinet meetings held on 7 December 2020, 12 January 2021, 1 February 2021 and 8 March 2021 were moved by the Cllr Andrew Proctor, Chair of Cabinet.

Council **RESOLVED** to:

- 6.1.1 1. **Approve** additional prudential borrowing of £0.030m to be available for the development of software to support the Card Payments programme, as set out in paragraph 4.1 of Capital Appendix 2 report to Cabinet.
2. **Approve** the Mid-year treasury management Monitoring report 2020-21.
3. **Approve** a further £17m being added to the capital programme for the Great Yarmouth Operations and Maintenance Campus Project with £9 m of this being funded by prudential borrowing.
4. **Approve** the addition of £1.249m to the capital programme to address necessary improvements to the County Farms Estate, as set out in detail in capital appendix 2, paragraph 4 of the report taken to Cabinet.

6.2 **Recommendations from the Corporate Select Committee meeting held on 25 January 2021 and 15 March 2021.**

- 6.2.1 The recommendations from the Corporate Select Committee meeting held on 25

January 2021 and 15 March 2021 were moved by Cllr Karen Vincent, Chair of the Select Committee.

Cllr Morpew said that while he supported the recommendations, going forward the Council should give further consideration to how all councillors could become more engaged with the decision-making process, the member information protocols, the corporate board structure and the role of political groups in the decision-making process.

Cllr Roper said that the Council should consider its capacity to undertake scrutiny work.

Council **RESOLVED** to:

6.2.2 **Proposed Amendments to the Council Constitution**

1. **To agree the amendments to Council Constitution as set out in paragraph 1.3 of the report presented to the Select Committee and to the Council.**
2. **To agree that the Director of Governance may make further amendments for proposal to Council, should the need for any arise, in consultation with the Chair and Vice Chair of the Select Committee.**
3. **Note the amendments included in the report covered recommendations about the Local Government Association Model Councillor Code of Conduct 2020 that were considered by the Standards Committee at its meeting on 18 January 2021.**

7 **Cabinet Report (Questions to Cabinet Members)**

Cllr Andrew Proctor, Leader and Chair of Cabinet, moved the report of the meetings held on 7 December 2020, 12 January 2021, 1 February 2021 and 8 March 2021 and the report of the meeting held on 12 April 2021 included with the supplementary agenda.

Council **RESOLVED** to **AGREE** the reports.

7.1 **Question from Cllr Brian Watkins to Cllr Greg Peck, Cabinet Member for Commercial Services & Asset Management.**

Cllr Watkins asked how when reflecting on how nice new refurbished facilities, including the car park might be at County Hall the Cabinet Member viewed the cuts to the minimum income guarantee, cuts to the funding of Childrens Centres and Holt Hall, the introduction of DIY household waste charges and cuts to the music service.

Cllr Greg Peck said that he had not been reflecting on how nice County Hall would be after refurbishment. All the approved expenditure on County hall was for spending on health and safety and access issues. The car park was to facilitate the use of the building and there was already interest from other public sector bodies should there be excess capacity.

7.2 **Question from Cllr Mick Castle to Cllr Borrett, Cabinet Member for Adult**

Social Care, Public Health and Prevention

Cllr Castle asked if he agreed that the continuing delay in the Government's long heralded future plans for adult social care had become a major embarrassment and if he would impress on Government that they needed to tackle this issue as a priority in the aftermath of the pandemic.

Cllr Borrett said that he was personally disappointed that the County Council had not yet received a fuller response on the issue of the future of adult social care. He recognised that the Government had been presented with other very pressing issues over the last 12 months and said he would continue to press for Government time to be found to sort this issue out because it was one of the most pressing pieces of unfinished business and had a direct effect on a large number of Norfolk residents.

7.3

Question from Cllr Alison Thomas to Cllr Jamieson, Cabinet Member for Finance

Cllr Thomas asked the Cabinet Member if he agreed with her that good financial management and decision making had put Norfolk in a strong position not only to face ongoing challenges with the pandemic but to support vulnerable people and be a good position not only to move forward but to respond to unexpected emergencies such as for example the flooding experienced across Norfolk last December.

Cllr Jamieson said that the main focus of the Administration would continue to be on ensuring the protection of vulnerable people, ensuring that children continued to have the best possible start in life and that Norfolk developed strong infrastructure that supported and add value to the local economy. In order to achieve this the Administration would continue to deliver balanced budgets that brought Norfolk's business transformation and smarter working programmes together at the heart of everything that the County Council did. The Council would continue to utilise national government assistance to deliver on its priorities and build a better future for Norfolk.

The Cabinet Member explained the specific reserves that had been set up by the County Council to respond quickly to further foreseeable pandemic related pressures that might emerge during the ensuing year. The Cabinet Member also explained the steps that were being taken to address the floods that took place in Norfolk in the winter and spring of this year. The Cabinet Member added that as Norfolk moved beyond the pandemic one of the main benefits of prudent financial management was that the Council would be able to pivot towards greater economic growth, greater protection of Norfolk's countryside as well as retaining and improving Norfolk's highly valued community services, libraries, museums and recycling centres. The Cabinet Member said that delivering on a growing and thriving economy for the County was the best way to support and improve the quality of life of Norfolk's residents so support for the delivery of the economic recovery into the future .

7.4

Question from Cllr Kemp to Cllr Martin Wilby, Cabinet Member for Highways, Infrastructure and Transport

Cllr Kemp stated that West Norfolk had a high carbon footprint and everything must

be done to encourage active travel and yet the Cabinet Member had personally signed an order to open Hardings Way to traffic even though he knew how strongly the local community were against this. Cllr Kemp asked if the Cabinet Member accepted that he was wrong and would commit to keep Hardings Way a bus and cycle lane as it was originally intended.

Cllr Wilby said that he did not accept that he had reached the wrong decision.

7.5 Question from Cllr Dan Roper to Cllr Graham Plant, Deputy Leader and Cabinet Member for Growing the Economy.

Cllr Roper asked how confident people should be at Norfolk bouncing back effectively and economically if this Administration was returned given that during the last four years Norfolk's economic record at creating new jobs had fallen year on year and the level of wages had remained well below regional and national averages.

Cllr Plant said that the County Council was working hard with its partners to make sure that Norfolk got the maximum funding that it could from new government funds for economic growth. He explained the detailed funding that was being sought from the community renewal fund and other sources of government funding and the work to put in place a recovery plan after the pandemic that made sure Norfolk was well placed to help business plan for the future.

7.6 Question from Cllr Squire to Cllr Martin Wilby, Cabinet Member for Highways, Infrastructure and Transport

Cllr Squire asked if the Cabinet Member agreed that it was time for a review of the Council's policy on speed limits and road safety measures in the County. She said that Cllr Maxfield had written to the Leader last month and had yet to receive a response. The current policy put in place in 2014 was too restrictive and did not take into account changing patterns of road use. Traffic surveys had shown that speed limits should be reduced on safety grounds, however, it was up to Parishes and local member funds to find the money to make the road safe.

Cllr Wilby said that he was fully aware of the concerns about speed limits and this was something that would be addressed after the election.

7.7 Question from Cllr Richard Price to Cllr Graham Plant, Deputy Leader and Cabinet Member for Growing the Economy.

Cllr Richard Price stated that the Government had recently published guidance for the Levelling Up Fund that enabled counties to bid for funding for transport hubs. He asked what the County Council approach was to its own bid and to that of providing support at the district level.

Cllr Plant said that in March 2021 the Government launched two key strategies designed to help kick start economic growth after the pandemic and level up those areas in need of additional support. These funds were complementary to each other and the Council was marshalling its own resources as well as those of the Local Enterprise Partnership and District Council partners to help potential applicants to apply for funding. The Shared Prosperity Fund was a successor to the EU funding that had benefited Norfolk over the years. The Cabinet Member

said that these funds would be worth £1.5 billion a year from 2022. While all areas could bid for funds the government had identified 100 priority places for the funding, four of which were in Norfolk (Great Yarmouth, King's Lynn Norwich and North Norfolk). The whole of Norfolk was considered a priority place for countywide programmes such as skills and employment and business support. A shortlist of bids had to be submitted to the Government by 18 June 2021 and the outcomes should be known by the end of July 2021.

Cllr Plant added that the Levelling Up Fund was a £4 billion fund which ran until 2024/25. The first round of bids closed on 18 June 2021 and only included projects that were ready to start in this financial year. There would be several further bidding rounds until 2024 and the County Council was working with Norfolk MPs and partners to pull together a strong set of bids for the Autumn. Priorities would be small transport schemes, regeneration and town centre improvements and cultural assets with a focus on net zero emissions. Scheme should include cycle provision, public transport, enhancements to road networks and bridge repairs. The County Council could submit one transport bid over the lifetime of the fund and was examining the best package bid in collaboration with District Councils. The Government had published a priority list of areas most in need, including Great Yarmouth and King's Lynn in category 1, with other areas of the county in category 2, except Broadland which was in category 3.

7.8 Question from Cllr Tim Adams to Cllr Graham Plant, Deputy Leader and Cabinet Member for Growing the Economy.

Cllr Adams said that the national picture on apprenticeship starts had shown a rise in starts in 2018-2019 after three years of falling numbers and yet Norfolk's numbers had continued to decline. He asked why it was that other Local Authorities had achieved success and yet Norfolk could not.

Cllr Plant said that he accepted that the Norfolk success rate on apprenticeships was not as good as it should be. This was not, however, entirely due to Norfolk County Council. Businesses were being encouraged to take on apprentices through the kick start scheme and other schemes that were in place. The Cabinet Member accepted that numbers had gone down in recent years but that this was part of a national drop in numbers that would change in Norfolk with the new schemes that were put in place. In a year's time there would be a completely different picture.

7.9 Question from Cllr Barry Stone to Cllr Margaret Dewsbury, Cabinet Member for Communities and Partnerships

Cllr Stone asked the Cabinet Member to outline the role that libraries had played during the past 12 months.

Cllr Dewsbury said that the Service had continued to support local communities following library closures on 21 March 2021. Staff had continued to provide books and magazines online and to support literacy projects such as the Norfolk reading pathway. Staff had also supported those digitally excluded to gain new digital skills and helped parents to educate children at home through the use of electronic devices. To encourage young people to go back into libraries overdue charges were being removed for the under sixteens. Furthermore, staff had supposed a programme of work to assist vulnerable people through food distribution across the

county. Services to local businesses had also been maintained.

7.10 Question from Cllr David Harrison to Cllr Borrett, Cabinet Member for Adult Social Care, Public Health and Prevention

7.10 Cllr Harrison asked Cllr Borrett what he considered to be his biggest mistake during the current Administration.

Cllr Borrett said that he would have liked to have had notice of that question, however, he was very proud to have had a wide range of different roles within the Council that had enabled him to drive forward the policies of the Administration.

7.11 Question from Cllr John Ward to Cllr Greg Peck, Cabinet Member for Commercial Services & Asset Management.

Cllr Ward asked the Cabinet Member for an update on the role of Repton Homes and the affordable homes scheme.

Cllr Peck said that Repton was established in 2017 with the primary objective to undertake direct property development with the aim of maximising the financial returns for the Council in order to support service delivery. Repton Homes were delivering mixed communities of not just private housing but also shared ownership and social housing. The Cabinet Member gave an example of where work was expected to start on site later in 2021 to build 48 new affordable homes to be completed and handed over by quarter one in 2023.

7.12 Question from Cllr Ed Colman to Cllr Martin Wilby, Cabinet Member for Highways, Infrastructure and Transport

Cllr Colman asked if Cllr Wilby would like to join him in congratulating the County Council on a successful bid for £700,000 of funding to provide a new bus service in the Swaffham area. He also asked for an update on the County Council's bus strategy.

Cllr Wilby said that he was very pleased that the Council was awarded the £700,000 loan for community transport which would support around 20 villages in the Swaffham area. (This second question was not answered due to connectivity issues. It was noted that Cllr Colman could take the matter up directly with the Cabinet Member after the meeting and request a written response if he required one).

7.13 Question from Cllr Fran Whymark to Cllr Borrett, Cabinet Member for Adult Social Care, Public Health and Prevention.

Cllr Whymark asked what plans the Cabinet Member had to support the care sector and especially care homes during the pandemic.

Cllr Borrett said that care homes and the care sector as a whole had faced a set of unprecedented challenges in the last 12 months and Norfolk care homes had shown very strong leadership in coping with those challenges. The County Council had done everything it could to help care homes staff to manage the pandemic. £22 million was allocated to provide support with infection control and a further £3 million for testing and just over £2 million to help with workforce issues. Also, a

further £6.4 million had recently been allocated to continue to support infection control and testing which would continue until June 2021. Norfolk could be proud of the daily contact that had been maintained with care homes and the high uptake in the vaccination rate of both care home staff and care home residents. The increase in Council's fee levels for the year ahead should support Care Homes and pay for salary increases above the national living wage. The Council's focus was on improving the image of care work and on trying to attract new people through a major recruitment campaign. The Council recognised that some care providers faced a period of instability. The Council would continue to work with providers at risk using discretionary financial support where appropriate and help to do all that it could to shape the future of the industry.

8 Committee Reports

8.1 Scrutiny Committee meetings held on 14 December 2020, 27 January 2021 and 17 February 2021.

Cllr Steve Morphew, Chair, moved the report. Council **RESOLVED** to note the report.

8.2 Corporate Select Committee meetings held on 25 January 2021 and 15 March 2021.

Cllr Karen Vincent, Chair, moved the report. Council **RESOLVED** to note the report.

8.3 Infrastructure & Development Select Committee meeting held on 28 January 2021.

Cllr Barry Stone, Chair, moved the report. Council **RESOLVED** to note the report.

8.4 People & Communities Select Committee meeting held on 29 January 2021.

Cllr Shelah Gurney, Chair, moved the report. Council **RESOLVED** to note the report.

8.5 Health Overview & Scrutiny Committee meeting held on 8 October 2020.

Cllr Penny Carpenter, Chair, moved the report. Council **RESOLVED** to note the report.

8.6 Health & Wellbeing Board meeting held on 10 March 2021.

Cllr Bill Borrett, Chair, moved the report. Council **RESOLVED** to note the report.

8.7 Audit Committee meeting held on 21 January 2021.

Cllr Ian Mackie, Chair, moved the report. Council **RESOLVED** to note the report.

8.8 Standards Committee meeting held on 18 January 2021.

Cllr Mark Kiddle-Morris, Chair, moved the report. Council **RESOLVED** to note the report.

8.9 **Norfolk Records Committee meeting held on 5 February 2021.**

Cllr Chenery of Horsbrugh moved the report. Council **RESOLVED** to note the report.

8.10 **Joint Museums Committee meeting held on 5 February 2021.**

Cllr John Ward, Chair, moved the report. Council **RESOLVED** to note the report.

8.11 **Planning (Regulatory) Committee meeting held on 5 March 2021.**

Cllr Colin Foulger, Chair, moved the report. Council **RESOLVED** to note the report.

9 **Appointments to Committees, Sub-Committees and Joint Committees (Standard Item).**

9.1 Council **RESOLVED** to note the following changes made under delegated powers since the last meeting:

- Cllr Brian Watkins to take up the Liberal Democrat place on the Audit Committee.
- Cllr Danny Douglas to replace Cllr Julie Brociek-Coulton on the Norfolk Local Access Forum.
- Cllr Danny Douglas to replace Cllr Jess Barnard on the Infrastructure and Development Select Committee.

10 **Notice of Motions**

10.1 The following motion was proposed by Cllr Mick Castle and seconded by Cllr Sandra Squire:

This Council recognises that a successful 2021 Summer Holiday Season will be critical if Norfolk is to avoid large-scale business closures and redundancies. The Cabinet – using earmarked balances - is urged to take a lead in bringing together the County's Tourist Boards, City and District Councils and Norfolk Attractions and Hospitality Businesses to promote Norfolk's holiday offer in a high profile co-ordinated campaign running through from May to September - including the County's outstanding Museums and drawing on the positive engagement of the Norfolk Media to enhance this mission to attract major spending in Norfolk this Summer.

Following debate and upon being put to the vote the motion was **LOST**, there being 5 votes in favour, 45 votes against and 21 abstentions.

10.2 The following motion was then proposed by Cllr Steve Morphew and seconded by Cllr Terry Jermy:

Council believes it is now time to end part time night lighting and turn back on street lights for those areas that have the lights switched off in the small hours. Recent disturbing events and reports from women who feel unsafe on our streets shows we must do whatever we can to reduce feelings of fear and opportunities

for malicious acts. This is one positive step Council can take now.
Council recognises that since the introduction of part night lighting a decade ago many lights have been converted to LEDs that reduce the costs and emissions from leaving lights on through the night.

Council calls upon the Leader to use delegated powers to restore full night lighting in areas where it has been restricted and to reprioritise the LED replacement programme to ensure there is LED lighting where the lights will be switched back on.

The Chairman asked for it to be included in the minutes that there were sufficient Councillors present in the meeting who had indicated that they were in favour of a recorded vote being taken on the motion.

Following debate and upon being put to a recorded vote (Appendix A), with 22 votes in favour, 46 votes against and 2 abstentions, the motion was LOST.

- 10.3 The following motion was proposed by Cllr Brenda Jones and seconded by Cllr David Collis:

Council recognises that the QE hospital in Kings Lynn is no longer fit for purpose and must be rebuilt urgently.
Council welcomes the campaign being run by the Eastern Daily Press to highlight the urgent need for a decision.
Council urges the Secretary of State for Health to urgently approve a new build hospital for Kings Lynn to replace the Queen Elizabeth and to fast track its build and design.

The following amendment was proposed by Cllr Borrett:
Council recognises that the QE hospital **building and its infrastructure** in Kings Lynn **has major structural issues** ~~is no longer fit for purpose~~ and must be rebuilt urgently.

Council welcomes the campaigns being run by the Eastern Daily Press **and the one being run by the Local MP James Wild** to highlight the urgent need for a decision.

Council congratulates the Secretary of State for Health and the Government for the money for the rebuilding of the James Paget Hospital in Great Yarmouth which suffers from the same structural problems.

In the same way as this funding was provided Council urges the Secretary of State for Health to urgently approve a new build hospital for Kings Lynn to replace the Queen Elizabeth and to fast track its build and design.

Before this amendment was seconded the mover of the original motion withdrew the motion with the consent of the seconder.

- 11 **To answer questions under Rule 8.3 of the Council Procedure Rules**

- 11.1 No questions were received.

- 12 **Chairman's Concluding Remarks**

The Chairman ended what was this final meeting of the current County Council by thanking all Councillors for the hard work that they had put into their respective

roles during their terms of office and by wishing those who were standing for re-election a safe campaign. He said that he wished to personally thank Cllr Brain Illes and Cllr Tim East for their invaluable support and guidance during his term of office.

The Group Leaders ended the meeting by placing on record thanks to the Chairman of the Council for the way in which he had chaired the on-line meetings during the pandemic and by expressing thanks to Councillors of all political parties who were not standing for re-election for all their hard work.

The meeting concluded at 1 pm
