Change to procedure for public speaking

This meeting will be held using video conferencing.

Members of the public or interested parties who wish to speak to the Committee in relation to an agenda item will be required to give two clear working days' notice to enable access to be arranged.

This is a variation to procedure to enable remote public participation.

Details of how to give notice will be included on the Agenda published on the Committee page of our website one week in advance of the meeting.

Speaking at this Committee is at the discretion of the Chairman.
